This table is a compilation of state Good Samaritan laws that specifically address assisting another person during an opioid-related overdose. The state laws listed in the endnotes denote the jurisdictions' general "Good Samaritan" statutes that encourage a person to assist another person during any emergency and in a voluntary capacity but do not specifically mention an overdose.

The following are definitions for the headings used in this document:

<u>Immunity from Other Laws</u>: A person who experiences an overdose, or seeks or provides assistance for another person who experiences an overdose, will not be held liable for civil damages, criminal prosecution, probation and parole violations, or the like.

<u>Mitigating Factor</u>: In any criminal prosecution or sentencing for a drug or alcohol-related offense for which a person has not been found to be immune, a court may take into consideration the fact the defendant made an effort to obtain or provide medical assistance for an individual experiencing a drug-related overdose.

	LAW	IMMUNITY FROM OTHER LAWS	MITIGATING FACTOR
AL	Ala. Code § 28-1-5.1	A person is immune from prosecution for a misdemeanor controlled substance offense if law enforcement became aware of the offense solely because the individual was seeking medical assistance for another individual and the person (1) acted in good faith, upon a reasonable belief that he or she was the first to call for assistance; (2) used his or her own name when contacting	
AK	Alaska Stat. Ann.	authorities; and (3) remained with the person needing medical assistance until help arrived. A person is immune from prosecution for a	When sentencing a defendant for a controlled
	§ 11.71.311 § 12.55.155(d)(19)	violation of misconduct involving a controlled substance in the third, fourth or fifth degrees if he or she, in good faith, sought medical or law enforcement assistance for another person who he or she reasonably believed was experiencing a drug overdose and: (1) the evidence supporting the prosecution for an offense was obtained or discovered as a result of the person seeking medical or law enforcement assistance; (2) he or she remained at the scene with the other person until medical or law enforcement assistance arrived; and (3) he or she cooperated with medical or law enforcement personnel. The person also is immune if he or she was experiencing a drug overdose and sought medical assistance and the evidence supporting a prosecution for an offense was obtained as a result of the overdose and the need for medical assistance.	substance violation, a court may take into account that that "the defendant sought medical assistance for another person who was experiencing a drug overdose contemporaneously with the commission of the offense."

felony violation for possession of less than one gram of cocaine, a felony violation for possession of less than one gram of heroin, or possession of drug paraphernalia if: (1) the person seeking medical assistance contacted the 911 system, a law enforcement officer, or emergency medical services personnel; (2) the calling for medical assistance acted in good faith and with a reasonable belief that he or she was the first to call for assistance, (3) the person did not seek the medical assistance during the course of the execution of an arrest warrant, search warrant, or other lawful search, or (4) the evidence for prosecution of the offenses listed above was obtained as a result of the person seeking medical assistance for the drug-related overdose.

A person shall not be subject to arrest or revocation of pretrial release, probation, parole, or post-release if the arrest or revocation is based on an offense for which the person is immune from prosecution. The arrest of a person for such an offense provides the person with immunity and will not itself be deemed to be a commission of a new criminal offense in violation of a condition of the person's pretrial release, condition of probation, or condition of parole or post-release.

A person under the age of 21 shall not be prosecuted for the possession or consumption of alcoholic beverages if: (1) the person sought

possession of cocaine; (10) unlawful possession of methamphetamine; (11) unlawful possession of a prescription drug; and (12) unlawful possession of drug paraphernalia with intent to sell or deliver.

The person may not be arrested for violating, or found to be in violation of, the conditions of the person's pretrial release, probation, post-prison supervision or parole if the violation involves: (1) the possession or use of a controlled substance or frequenting a place where controlled substances are used; and (2) the evidence of the violation was obtained because the person contacted emergency medical services or law enforcement, or was in need of medical assistance, due to summoning or needing medical assistance.

The person may not be arrested on an outstanding warrant for any of the offenses listed, or on an outstanding warrant for a violation, other than commission of a new crime, of the conditions of the person's probation, post-prison supervision, or parole for conduct that would constitute an offense listed, if the location of the person was obtained because the person contacted emergency medical services or a law enforcement agency, or was in need of medical assistance due to a drug-related overdose. However, the warrant immunity does not apply to outstanding federal warrants or outstanding warrants issued from other states.

PA	35 Pa. Cons. Stat.	
	Ann. § 780-113.7	

A person may not be charged and is immune from prosecution for any offense listed below and for a violation of probation or parole if the person can establish the following: (1) law enforcement officers only became aware of the person's commission of the listed offense because the person transported a person experiencing a drug overdose to a law enforcement agency, a campus security office, or a health care facility; or (2) all of the following apply: (a) the person reported, in good faith, a drug overdose to a law enforcement officer, the 911 system, a campus security officer, or emergency services personnel and the report was made on the reasonable belief that another person was in need of immediate medical attention and was necessary to prevent death or serious bodily injury due to a drug overdose; (b) the person provided his or her own name and location and cooperated with the law enforcement officer, 911 system, campus security officer or emergency services personnel; and (c) the person remained with the person needing immediate medical attention until a law enforcement officer, a campus security officer, or emergency services personnel arrived.

The person may not be charged or prosecuted for probation and parole violations and for violations delineated and set forth in 35 Pa. Cons. Stat. Ann. § 780-113.

	LAW	IMMUNITY FROM OTHER LAWS	MITIGATING FACTOR
		A person who experiences a drug overdose may not be charged and is immune from prosecution if a person who transported or reported and remained with him or her may not be charged and is entitled to immunity.	
RI	R.I. Gen. Laws § 21-28.9-4	Any person who, in good faith, without malice, and in the absence of evidence of an intent to defraud, seeks medical assistance for someone experiencing a drug overdose or other drug-related medical emergency, or who experiences a drug overdose or other drug-related medical emergency and is in need of medical assistance, is immune from being charged or prosecuted for any crime related to the possession of a controlled substance or drug paraphernalia, or the operation of a drug-involved premises, if the evidence for the charge was gained as a result of the overdose and the need for medical assistance. The immunity related to the possession of a controlled substance or drug paraphernalia or the operation of a drug-involved premises afforded also extends to a violation of probation and/or parole on those grounds. ¹ A person who, in good faith, gratuitously renders emergency care at the scene of the emergency is generally immune from civil liability for any personal injury that results.

² A court may lessen or suspend a sentence when the defendant was convicted of a crime relating to a controlled substance and the person's arrest or prosecution was facilitated in part because he or she alone, or with others, requested emergency medical assistance for someone who reasonably appeared to be in need of medical assistance due to the use of alcohol or a controlled substance.

³ A person who voluntarily renders first aid, emergency treatment or rescue assistance to another person who is in need of rescue assistance is immune from civil liability for such assistance.

⁴ A person who, in good faith, renders emergency care or assistance in an emergency is immune from civil liability in rendering the emergency care or assistance.

⁵ A person who gratuitously renders care in an emergency is immune from any civil damages as a result of any act or omission by such person in rendering the emergency care.

⁶ A person who, in good faith, renders or attempts to render emergency care "consisting of artificial respiration, restoration of breathing, or preventing or retarding the loss of blood, or aiding or restoring heart action or circulation of blood to the victim or victims of an accident or emergency" is immune from any civil damages or criminal liability.

⁷ A person who, in good faith, gratuitously renders emergency care in an emergency is immune from any civil damages for any personal injury as a result of rendering such care.

⁸ A person who, in good faith, renders emergency care and services is immune from any civil damages as a result of such acts of commission or omission.

⁹ A person who, in good faith, administers emergency care is immune from civil damages for an act performed during the emergency, unless the act is willfully or wantonly negligent.
