Introduction

Interstate sharing is the process whereby states share information from the prescription monitoring program database with other states, authorized users in other states, or both. At this time, eight states have authority to share data with authorized users in other states. Typically, what that means is that an authorized user can set up an account with the other program and receive information directly from the database. Eighteen states have authority to share data with other prescription monitoring programs, and eighteen states have authority to share data with both.

The following states either have interstates sharing provisions specifically in their statutes or regulations or NAMSDL has been informed by the administrator of the prescription monitoring program that the state allows interstate sharing.

Alabama
§ 20-2-214

Code of Alabama (2016)
Title 20. Food, Drugs, and Cosmetics.
Chapter 2. Controlled Substances.
Article 10. Controlled Substances Prescription Database.

§ 20-2-214. Limited access to database permitted for certain persons or entities.

The following persons or entities shall be permitted access to the information in the controlled substances database, subject to the limitations indicated below:

- (1) Authorized representatives of the certifying boards, provided, however, that access shall be limited to information concerning the licensees of the certifying board, however, authorized representatives from the Board of Medical Examiners may access the database to inquire about certified registered nurse practitioners (CRNPs), or certified nurse midwives (CNMs) that hold a Qualified Alabama Controlled Substances Registration Certificate (QACSC).
- (2) A licensed practitioner approved by the department who has authority to prescribe, dispense, or administer controlled substances. The licensed practitioner's access shall be limited to information concerning himself or herself, registrants who possess a Qualified Alabama Controlled Substances Registration Certificate over whom the practitioner exercises physician supervision or with whom they have a joint practice agreement, a certified registered nurse practitioner and a certified nurse midwife with a Qualified Alabama Controlled Substances Registration Certificate over whom the practitioner exercises professional oversight and direction pursuant to an approved collaborative practice agreement, a current patient of the practitioner, and individuals seeking treatment from the practitioner. Practitioners shall have no requirement or obligation, under this article, to access or check the information in the controlled substances database prior to prescribing, dispensing, or administering medications or as part of their professional practice. However, the applicable licensing boards, in their discretion, may impose such a requirement or obligation by regulations.
- (3) A licensed physician approved by the department who has authority to prescribe, dispense, or administer controlled substances may designate up to two employees who may access the database on the physician's behalf.
- (4) A licensed certified registered nurse practitioner or a licensed certified nurse midwife approved by the department who is authorized to prescribe, administer, or dispense pursuant to a Qualified Alabama Controlled Substances Registration Certificate; provided, however, that such access shall be limited to information concerning a current or prospective patient of the registered nurse practitioner or certified nurse midwife.

This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

(5) A licensed assistant to physician approved by the department who is authorized to prescribe, administer, or dispense pursuant to a Qualified Alabama Controlled Substances Registration Certificate; provided, however, that such access shall be limited to information concerning a current patient of the assistant to the physician or an individual seeking treatment from the assistant to physician.

(6) A licensed pharmacist approved by the department, provided, however, that such access is limited to information related to the patient or prescribing practitioner designated on a controlled substance prescription that a pharmacist has been asked to fill. Pharmacists shall have no requirement or obligation to access or check the information in the controlled substances database prior to dispensing or administering medications or as part of their professional practices.

(7) State and local law enforcement authorities as authorized under Section 20-2-91, and federal law enforcement authorities authorized to access prescription information upon application to the department accompanied by a declaration that probable cause exists for the use of the requested information.

(8) Employees of the department and consultants engaged by the department for operational and review purposes.

(9) The prescription drug monitoring program of any of the other states or territories of the United States, if recognized by the Alliance for Prescription Drug Monitoring Programs under procedures developed by the United States Department of Justice or the Integrated Justice Information Systems Institute or successor entity subject to or consistent with limitations for access prescribed by this chapter for the Alabama Prescription Drug Monitoring Program.

(10) Authorized representatives of the Alabama Medicaid Agency; provided, however, that access shall be limited to inquiries concerning possible misuse or abuse of controlled substances by Medicaid recipients.

Alaska
12 AAC 52.855

Alaska Administrative Code (2016)
Title 12. Professional and Vocational Regulations
Part 1. Boards and Commissions Subject to Centralized Licensing
Chapter 52. Board of Pharmacy
Article 9. Controlled Substance Prescription Database

12 AAC 52.855. Registration by dispensers and access requirements for controlled substance prescription database.

(a) To receive information from the controlled substance prescription database, a dispenser must register with the board by submitting a completed application on a form prescribed by the board, and must agree in writing to comply with the conditions set out in 12 AAC 52.860. The department shall issue a dispenser registered under this section a user account, login name, and password.

(b) A pharmacist or practitioner not registered under this section may request a patient profile from the board if the pharmacist or practitioner

(1) has a valid license to practice in this state or in another jurisdiction with licensure standards that are substantially similar to the licensure standards in this state;

(2) submits the request on a form prescribed by the board and

(A) mails it to the board; or

(B) sends it to the board by facsimile transmission;

(3) signs the request and includes the business name and address of the pharmacist or practitioner;

(4) includes in the request the patient's name and date of birth, the purpose of the request, and the date range for the patient profile; and

(5) includes evidence establishing that the requester has, with the subject of the requested information,

(A) a pharmacist-patient relationship as required under AS 17.30.200(d)(4); for purposes of this subparagraph, a pharmacist-patient relationship exists if the subject of the requested information is a current patient to whom the pharmacist is dispensing or considering dispensing a controlled substance; or

(B) a practitioner-patient relationship as required under AS 17.30.200(d)(3).

(c) A patient profile generated by the board under (b) of this section shall be

(1) sent by facsimile transmission or mailed certified mail, return receipt requested, to the pharmacist or practitioner at that person's business address; and

(2) marked “confidential, to be opened by addressee only.”

(d) Nothing in this section requires a pharmacist or practitioner to receive information from the controlled substance prescription database or to request a patient profile from the board.

Arizona
§ 36-2604

Arizona Revised Statutes Annotated (2016)
Title 36. Public Health and Safety
Chapter 28. Controlled Substances Prescription Monitoring Program
Article 1. General Provisions

§ 36-2604. Use and release of confidential information

A. Except as otherwise provided in this section, prescription information submitted to the board pursuant to this article is confidential and is not subject to public inspection. The board shall establish procedures to ensure the privacy and confidentiality of patients and that patient information that is collected, recorded and transmitted pursuant to this article is not disclosed except as prescribed in this section.

B. The board or its designee shall review the prescription information collected pursuant to this article. If the board or its designee has reason to believe an act of unprofessional or illegal conduct has occurred, the board or its designee shall notify the appropriate professional licensing board or law enforcement or criminal justice agency and provide the prescription information required for an investigation.

C. The board may release data collected by the program to the following:

1. A person who is authorized to prescribe or dispense a controlled substance, or a delegate who is authorized by the prescriber or dispenser, to assist that person to provide medical or pharmaceutical care to a patient or to evaluate a patient.

2. An individual who requests the individual's own prescription monitoring information pursuant to § 12-2293.

3. A medical practitioner regulatory board established pursuant to title 32, chapter 7, 11, 13, 14, 15, 16, 17, 18, 25 or 29.1 Except as required pursuant to subsection B of this section, the board shall provide this information only if the requesting board states in writing that the information is necessary for an open investigation or complaint.

4. A local, state or federal law enforcement or criminal justice agency. Except as required pursuant to subsection B of this section, the board shall provide this information only if the requesting agency states in writing that the information is necessary for an open investigation or complaint.

5. The Arizona health care cost containment system administration regarding persons who are receiving services pursuant to chapter 29 of this title.² Except as required pursuant to subsection

© 2016 Research is current as of May 2016. In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. B of this section, the board shall provide this information only if the administration states in writing that the information is necessary for an open investigation or complaint.

6. A person who is serving a lawful order of a court of competent jurisdiction.

7. A person who is authorized to prescribe or dispense a controlled substance and who performs an evaluation on an individual pursuant to § 23-1026.

8. A county medical examiner or alternate medical examiner who is directing an investigation into the circumstances surrounding a death as described in § 11-593 or a delegate who is authorized by the county medical examiner or alternate medical examiner.

D. The board may provide data to public or private entities for statistical, research or educational purposes after removing information that could be used to identify individual patients or persons who received prescriptions from dispensers.

E. For the purposes of this section, “delegate” means any of the following:

1. A licensed health care professional who is employed in the office of or in a hospital with the prescriber or dispenser.

2. An unlicensed medical records technician, medical assistant or office manager who is employed in the office of or in a hospital with the prescriber or dispenser and who has received training regarding both the health insurance portability and accountability act privacy standards, 45 Code of Federal Regulations part 164, subpart E, and security standards, 45 Code of Federal Regulations part 164, subpart C.

3. A forensic pathologist, medical death investigator or other qualified person who is assigned duties in connection with a death investigation pursuant to § 11-594.

Arkansas
§ 20-7-608
ADC 007.07.4-VIII

Arkansas Code (2016)
Title 20. Public Health and Welfare
Subtitle 2. Health and Safety (Chapters 6 to 44)
Chapter 7. State Board of Health--Department of Health
Subchapter 6. Prescription Drug Monitoring Program Act

§ 20-7-608. Information exchange with other prescription drug monitoring programs

(a) The Department of Health may provide prescription monitoring information to other states' prescription drug monitoring programs and the information may be used by those programs consistent with this subchapter.

(b) The department may request and receive prescription monitoring information from other states' prescription drug monitoring programs, and may use the information under this subchapter.

(c) The department may develop the capability to transmit information to other prescription drug monitoring programs and receive information from other prescription drug monitoring programs employing the standards of exchangeability.

(d) The department may enter into written agreements with other states' prescription drug monitoring programs for the purpose of describing the terms and conditions for sharing of prescription information under this subchapter.

West's Arkansas Administrative Code (2016)
Title 007. Department of Health
Division 07. Pharmacy Services
Rule 4. Regulations Pertaining to Prescription Drug Monitoring Program

007.07.4-VIII. Information Exchange with Other Prescription Drug Monitoring Programs

(a) The Department of Health may provide prescription monitoring information to other states' prescription drug monitoring programs, and the information may be used by those programs consistent with Arkansas Code Annotated §§ 20-7-601 to -614 and these regulations.

(b) The department may request and receive prescription monitoring information from other states' prescription drug monitoring programs and may use the information pursuant to Arkansas Code Annotated §§ 20-7-601 to -614 and these regulations.

(c) The department may develop the capability to transmit information to other prescription drug monitoring programs and receive information from other prescription drug monitoring programs employing the standards of exchangeability.

(d) The department may enter into written agreements with other states' prescription drug monitoring programs for the purpose of describing the terms and conditions for sharing of prescription information consistent with Arkansas Code Annotated §§ 20-7-601 to -614 and these regulations.

Colorado
§ 12-42.5-404

West's Colorado Revised Statutes Annotated (2016)
Title 12. Professions and Occupations
Health Care
Article 42.5. Pharmacists, Pharmacy Businesses, and Pharmaceuticals
Part 4. Electronic Monitoring of Prescription Drugs

§ 12-42.5-404. Program operation--access--rules

- (1) The board shall operate and maintain the program.
- (2) The board shall adopt all rules necessary to implement the program.
- (3) The program is available for query only to the following persons or groups of persons:
 - (a) Board staff responsible for administering the program;
 - (b) Any practitioner with the statutory authority to prescribe controlled substances, or an individual designated by the practitioner to act on his or her behalf in accordance with Section 12-42.5-403(1.5)(b) to the extent the query relates to a current patient of the practitioner to whom the practitioner is prescribing or considering prescribing any controlled substance;
 - (c) A practitioner, or an individual designated by the practitioner to act on his or her behalf in accordance with Section 12-42.5-403(1.5)(b) engaged in a legitimate program to monitor a patient's drug abuse;
 - (c.5) The medical director, or his or her designee, at a facility that treats addiction with controlled substances, if an individual in treatment at the facility gives permission to the facility to access his or her program records;
 - (d) A pharmacist, an individual designated by the pharmacist in accordance with Section 12-42.5-403(1.5)(b) to act on his or her behalf, or a pharmacist licensed in another state, to the extent the information requested relates specifically to a current patient to whom the pharmacist is dispensing or considering dispensing a controlled substance or to whom the pharmacist is providing clinical patient care services;
 - (e) Law enforcement officials so long as the information released is specific to an individual patient or practitioner and is part of a bona fide investigation, and the request for information is accompanied by an official court order or subpoena;

© 2016 Research is current as of May 2016. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

- (f) The individual who is the recipient of a controlled substance prescription so long as the information released is specific to the individual;
- (g) State regulatory boards within the division and the director of the division so long as the information released is specific to an individual practitioner and is part of a bona fide investigation, and the request for information is accompanied by an official court order or subpoena;
- (h) A resident physician with an active physician training license issued by the Colorado medical board pursuant to section 12-36-122 and under the supervision of a licensed physician;
- (i) The Department of Public Health and Environment for purposes of population-level analysis, but any use of the program data by the department is subject to the federal “Health Insurance Portability and Accountability Act of 1996”, Pub.L. 104-191, as amended, and implementing federal regulations, including the requirement to remove any identifying data unless exempted from the requirement.
- (4) The board shall not charge a practitioner or pharmacy who transmits data in compliance with the operation and maintenance of the program a fee for the transmission of the data.
- (5) The board, the Department of Public Health and Environment, or the Department of Health Care Policy and Financing, pursuant to a written agreement that ensures compliance with this part 4, may provide data to qualified personnel of a public or private entity for the purpose of bona fide research or education so long as the data does not identify a recipient of a practitioner who prescribed, or a prescription drug outlet that dispensed, a prescription drug.
- (6) The board shall provide a means of sharing information about individuals whose information is recorded in the program with out-of-state health care practitioners and law enforcement officials that meet the requirements of paragraph (b), (c), or (e) of subsection (3) of this section.**
- (7) The board shall develop criteria for indicators of misuse, abuse, and diversion of controlled substances and, based on those criteria, provide unsolicited reports of dispensed controlled substances to prescribing practitioners and dispensing pharmacies for purposes of education and intervention to prevent and reduce occurrences of controlled substance misuse, abuse, and diversion. In developing the criteria, the board shall consult with the Colorado Dental Board, Colorado Medical Board, State Board of Nursing, State Board of Optometry, Colorado Podiatry Board, and State Board of Veterinary Medicine.

District of Columbia
§ 48-853.06
17 ADC 10309

West's District of Columbia Code Annotated 2001 Edition (2016)
Division VIII. General Laws.
Title 48. Foods and Drugs.
Subtitle II. Prescription Drugs.
Chapter 8G. Prescription Drug Monitoring Program.

§ 48-853.06. Interoperability; Information exchange with other prescription drug monitoring programs.

(a) The Director may enter into written agreements with other prescription drug monitoring programs, or a third party, approved by the Director, that operates an interstate prescription drug monitoring exchange, for the purpose of interoperability and the mutual exchange of information among prescription drug monitoring programs, and describing the terms and conditions for the sharing of prescription information under this section.

(b) The Director may provide prescription monitoring information pursuant to such agreements, which shall only use the information for the purposes allowed by this chapter.

(c) The Director may request and receive prescription drug monitoring information from other states' prescription drug monitoring programs and may use the information under the provisions of this chapter.

West's District of Columbia Municipal Regulations (2016)
Title 17. Business, Occupations, and Professionals
Chapter 103. Prescription Drug Monitoring Program

10309. INTEROPERABILITY WITH OTHER STATE PRESCRIPTION DRUG MONITORING PROGRAMS

10309.1 Upon request, the Program may disclose prescription monitoring data to another state's prescription drug monitoring program provided that the request:

(a) Is submitted on a form or in a manner approved by the Program;

(b) Is under the authority of the authorized administrator of that state's program; and

(c) Assures that prescription monitoring data will only be used or redisclosed in accordance with District law.

10309.2 The Program may develop and implement interoperability to facilitate the automated exchange of prescription monitoring data provided that a written agreement has been established with the other state's program, or third party, and provided that the information technology employed will:

(a) Only disclose prescription monitoring data in a manner consistent with District laws and regulations; and

(b) Operate in accordance with State and federal laws and regulations governing the security and confidentiality of protected health information and personal medical records.

Hawaii
§ 329-104

West's Hawai'i Revised Statutes (2016)
Division 1. Government
Title 19. Health
Chapter 329. Uniform Controlled Substances Act
[Part VIII]. Electronic Prescription Accountability System

§ 329-104. Confidentiality of information; disclosure of information

(a) The information collected under this part shall not be available to the public or used for any commercial purpose. Ownership of all data collected shall reside with the State.

(b) Responsibility for limiting access to information in the system is vested in the administrator. Access to the information collected at the central repository pursuant to this part shall be confidential, and access to the information shall be limited to personnel of the designated state agency.

(c) This section shall not prevent the disclosure, at the discretion of the administrator, of investigative information to:

(1) Law enforcement officers, investigative agents of federal, state, or county law enforcement agencies, United States attorneys, county prosecuting attorneys, or the attorney general; provided that the administrator has reasonable grounds to believe that the disclosure of any information collected under this part is in furtherance of an ongoing criminal or regulatory investigation or prosecution;

(2) Registrants authorized under chapters 448, 453, and 463E who are registered to administer, prescribe, or dispense controlled substances; provided that the information disclosed relates only to the registrant's own patient;

(3) Pharmacists, employed by a pharmacy registered under section 329-32, who request prescription information about a customer relating to a violation or possible violation of this chapter; or

(4) Other state-authorized governmental prescription-monitoring programs.

Information disclosed to a registrant, pharmacist, or authorized government agency under this section shall be transmitted by a secure means determined by the designated agency.

(d) No person shall knowingly disclose or attempt to disclose, or use or attempt to use, information in the system in violation of this section. Any person who violates this section is guilty of a class C felony.

(e) The designated state agency shall purge or cause to be purged from the central repository system, no later than five years after the date a patient's prescription data are made available to the designated state agency, the identification number of the patient, unless the information is part of an active investigation.

§ 37-2726. Filing prescriptions--Database

(1) All controlled substances dispensed for humans shall be filed with the board electronically in a format established by the board or by other method as required by board rule. The board may require the filing of other prescriptions by board rule. The board shall establish by rule the information to be submitted pursuant to the purposes of this section and the purposes set forth in section 37-2730A, Idaho Code.

(2) The board shall create, operate and maintain a controlled substances prescriptions database containing the information submitted pursuant to subsection (1) of this section, to be used for the purposes and subject to the terms, conditions and immunities described in section 37-2730A, Idaho Code. The database information must be made available only to the following:

(a) Authorized individuals employed by Idaho's boards or other states' licensing entities charged with the licensing and discipline of practitioners;

(b) Peace officers employed by federal, state and local law enforcement agencies engaged as a specified duty of their employment in enforcing law regulating controlled substances;

(c) Authorized individuals under the direction of the department of health and welfare for the purpose of monitoring and enforcing that department's responsibilities under the public health, medicare and medicaid laws;

(d) A practitioner, licensed in Idaho or another state, having authority to prescribe controlled substances, or a delegate under the practitioner's supervision, to the extent the information relates specifically to a current patient of the practitioner to whom the practitioner is prescribing or considering prescribing any controlled substance;

(e) A pharmacist, licensed in Idaho or another state, having authority to dispense controlled substances, or a delegate under the pharmacist's supervision, to the extent the information relates specifically to a current patient to whom that pharmacist is dispensing or considering dispensing any controlled substance, or providing pharmaceutical care as defined in the Idaho pharmacy act;

(f) An individual who is the recipient of a dispensed controlled substance entered into the database may access records that pertain to that individual, upon the production of positive identification, or that individual's designee upon production of a notarized release of information by that individual;

(g) Upon a lawful order issued by the presiding judge in a court of competent jurisdiction for the release of prescription monitoring program records of a named individual;

(h) Prosecuting attorneys, deputy prosecuting attorneys and special prosecutors of a county or city and special assistant attorneys general from the office of the attorney general engaged in enforcing law regulating controlled substances;

(i) A medical examiner or coroner who is an officer of or employed by a state or local government, for determining the cause of death or for performing other duties authorized by law.

(3) The board shall require prescribers, except veterinarians, to annually register with the board to obtain online access to the controlled substances prescriptions database.

(4) The board must maintain records on the information disclosed from the database, including:

(a) The identification of each individual who requests or receives information from the database and who that individual represents;

(b) The information provided to each such individual; and

(c) The date and time the information is requested or provided.

(5) The board shall promulgate rules to ensure that only authorized individuals have access to the database.

(6) The board shall limit to four (4) the number of delegates that a practitioner or pharmacist may permit to access the database under the practitioner or pharmacist's supervision.

(7) Any person who knowingly misrepresents to the board that he is a person entitled under subsection (2) of this section to receive information from the controlled substances prescriptions database under the conditions therein provided, and who receives information from the controlled substances prescriptions database resulting from that misrepresentation, shall be guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six (6) months, or by a fine not to exceed two thousand dollars (\$2,000), or both. The foregoing criminal penalty is in addition to, and not in lieu of, any other civil or administrative penalty or sanction authorized by law.

(8) Any person in possession, whether lawfully or unlawfully, of information from the controlled substances prescriptions database which identifies an individual patient and who knowingly discloses such information to a person not authorized to receive or use such information under

any state or federal law, rule or regulation; the lawful order of a court of competent jurisdiction; or written authorization of the individual patient shall be guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six (6) months, or by a fine not to exceed two thousand dollars (\$2,000), or both. The foregoing criminal penalty is in addition to, and not in lieu of, any other civil or administrative penalty or sanction authorized by law. The provisions of this subsection shall not apply to disclosure of individual patient information by the patient himself. The provisions of this subsection shall not apply to disclosure of information by a prosecuting attorney, deputy prosecuting attorney or special prosecutor of a county or city or by a special assistant attorney general from the office of the attorney general in the course of a criminal proceeding, whether preconviction or postconviction.

(9) Any person with access to the board's online prescription monitoring program pursuant to a board issued user account, login name and password who intentionally shares or recklessly fails to safeguard his user account, login name and password, resulting in another person not authorized to receive or use such information under the provisions of any state or federal law, rule or regulation obtaining information from the controlled substances prescriptions database, shall be guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six (6) months or by a fine not to exceed two thousand dollars (\$2,000), or both. The foregoing criminal penalty is in addition to, and not in lieu of, any other civil or administrative penalty or sanction authorized by law.

(10) The board may, at its discretion, block access to certain controlled substances prescriptions database data if the board has reason to believe that access to the data is or may be used illegally.

(11) All costs associated with recording and submitting data as required in this section are assumed by the dispensing practitioner recording and submitting the data.

(12) For purposes of this section, "delegate" means a nurse, medical or office assistant, or registered pharmacy technician who is designated by a supervising practitioner or pharmacist to access the database according to the provisions of this section and who must register with the state board of pharmacy for such access.

§ 318. Confidentiality of information.

...

(f) The Department may receive and release prescription record information under Section 316 and former Section 321 to:

- (1) a governing body that licenses practitioners;
- (2) an investigator for the Consumer Protection Division of the office of the Attorney General, a prosecuting attorney, the Attorney General, a deputy Attorney General, or an investigator from the office of the Attorney General;
- (3) any Illinois law enforcement officer who is:
 - (A) authorized to receive the type of information released; and
 - (B) approved by the Department to receive the type of information released; or

(4) prescription monitoring entities in other states per the provisions outlined in subsection (g) and (h) below;

confidential prescription record information collected under Sections 316 and 321 (now repealed) that identifies vendors or practitioners, or both, who are prescribing or dispensing large quantities of Schedule II, III, IV, or V controlled substances outside the scope of their practice, pharmacy, or business, as determined by the Advisory Committee created by Section 320.

(g) The information described in subsection (f) may not be released until it has been reviewed by an employee of the Department who is licensed as a prescriber or a dispenser and until that employee has certified that further investigation is warranted. However, failure to comply with this subsection (g) does not invalidate the use of any evidence that is otherwise admissible in a proceeding described in subsection (h).

Iowa
§ 124.553

Iowa Code Annotated (2016)
Title IV. Public Health
Subtitle 1. Alcoholic Beverages and Controlled Substances
Chapter 124. Controlled Substances
Division VI. Drug Prescribing and Dispensing--Information Program

§ 124.553. Information access

1. The board may provide information from the program to the following:

a. (1) A pharmacist or prescribing practitioner who requests the information and certifies in a form specified by the board that it is for the purpose of providing medical or pharmaceutical care to a patient of the pharmacist or prescribing practitioner. A pharmacist or a prescribing practitioner may delegate program information access to another authorized individual or agent only if that individual or agent registers for program information access, pursuant to board rules, as an agent of the pharmacist or prescribing practitioner. Board rules shall identify the qualifications for a pharmacist's or prescribing practitioner's agent and shall limit the number of agents to whom each pharmacist or prescribing practitioner may delegate program information access.

(2) Notwithstanding subparagraph (1), a prescribing practitioner may delegate program information access to another licensed health care professional in emergency situations where the patient would be placed in greater jeopardy if the prescribing practitioner was required to access the information personally.

b. An individual who requests the individual's own program information in accordance with the procedure established in rules of the board and advisory council adopted under section 124.554.

c. Pursuant to an order, subpoena, or other means of legal compulsion for access to or release of program information that is issued based upon a determination of probable cause in the course of a specific investigation of a specific individual.

d. A prescription database or monitoring program in another jurisdiction pursuant to subsection 8.

2. The board shall maintain a record of each person that requests information from the program. Pursuant to rules adopted by the board and advisory council under section 124.554, the board may use the records to document and report statistical information.

3. Information contained in the program and any information obtained from it, and information contained in the records of requests for information from the program, is privileged and strictly confidential information. Such information is a confidential public record pursuant to section 22.7, and is not subject to discovery, subpoena, or other means of legal compulsion for release except as provided in this division. Information from the program shall not be released, shared with an agency or institution, or made public except as provided in this division.
4. Information collected for the program shall be retained in the program for four years from the date of dispensing. The information shall then be destroyed.
5. A pharmacist or other dispenser making a report to the program reasonably and in good faith pursuant to this division is immune from any liability, civil, criminal, or administrative, which might otherwise be incurred or imposed as a result of the report.
6. Nothing in this section shall require a pharmacist or prescribing practitioner to obtain information about a patient from the program. A pharmacist or prescribing practitioner does not have a duty and shall not be held liable in damages to any person in any civil or derivative criminal or administrative action for injury, death, or loss to person or property on the basis that the pharmacist or prescribing practitioner did or did not seek or obtain or use information from the program. A pharmacist or prescribing practitioner acting reasonably and in good faith is immune from any civil, criminal, or administrative liability that might otherwise be incurred or imposed for requesting or receiving or using information from the program.
7. The board shall not charge a fee to a pharmacy, pharmacist, or prescribing practitioner for the establishment, maintenance, or administration of the program, including costs for forms required to submit information to or access information from the program, except that the board may charge a fee to an individual who requests the individual's own program information. A fee charged pursuant to this subsection shall not exceed the actual cost of providing the requested information and shall be considered a repayment receipt as defined in section 8.2.
- 8. The board may enter into an agreement with a prescription database or monitoring program operated in a state bordering this state or in the state of Kansas for the mutual exchange of information. Any agreement entered into pursuant to this subsection shall specify that all the information exchanged pursuant to the agreement shall be used and disseminated in accordance with the laws of this state.**

Title XVIII. Public Health

Chapter 218A. Controlled Substances

§ 218A.245 Reciprocal agreements or contracts with other states or administering organization to share prescription drug monitoring information

(1) The secretary of the Cabinet for Health and Family Services may enter into reciprocal agreements or a contract, either directly with any other state or states of the United States or with an organization administering the exchange of interstate data on behalf of the prescription monitoring program of one (1) or more states, to share prescription drug monitoring information if the other state's prescription drug monitoring program or the organization's data exchange program is compatible with the program in Kentucky. If the secretary elects to evaluate the prescription drug monitoring program of another state or organization as authorized by this section, priority shall be given to a state that is contiguous with the borders of the Commonwealth or an organization that offers connectivity with a contiguous state.

(2) In determining compatibility, the secretary shall consider:

(a) The essential purposes of the program and the success of the program in fulfilling those purposes;

(b) The safeguards for privacy of patient records and its success in protecting patient privacy;

(c) The persons authorized to view the data collected by the program;

(d) The schedules of controlled substances monitored;

(e) The data required to be submitted on each prescription or dispensing;

(f) Any implementation criteria deemed essential for a thorough comparison; and

(g) The costs and benefits to the Commonwealth in mutually sharing particular information available in the Commonwealth's database with the program under consideration.

Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

(3) The secretary shall review any agreement on an annual basis to determine its continued compatibility with the Kentucky prescription drug monitoring program.

(4) The secretary shall prepare an annual report to the Governor and the Legislative Research Commission that summarizes any agreement under this section and that analyzes the effectiveness of that agreement in monitoring the prescribing and dispensing of controlled substances in the Commonwealth.

(5) Any agreement between the cabinet and another state or organization shall prohibit the sharing of information about a Kentucky resident, practitioner, pharmacist, or other prescriber or dispenser for any purpose not otherwise authorized by this section or KRS 218A.202.

Baldwin's Kentucky Revised Statutes Annotated (2016)
Title XVIII. Public Health
Chapter 218A. Controlled Substances

§ 218A.390 Prescription Monitoring Program Compact

The Prescription Monitoring Program compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I

PURPOSE

The purpose of this interstate compact is to provide a mechanism for state prescription monitoring programs to securely share prescription data to improve public health and safety. This interstate compact is intended to:

A. Enhance the ability of state prescription monitoring programs, in accordance with state laws, to provide an efficient and comprehensive tool for:

- 1. Practitioners to monitor patients and support treatment decisions;**
- 2. Law enforcement to conduct diversion investigations where authorized by state law;**
- 3. Regulatory agencies to conduct investigations or other appropriate reviews where authorized by state law; and**
- 4. Other uses of prescription drug data authorized by state law for purposes of curtailing drug abuse and diversion; and**

B. Provide a technology infrastructure to facilitate secure data transmission.

Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

ARTICLE II

DEFINITIONS

As used in this compact, unless the context clearly requires a different construction:

A. “Authentication” means the process of verifying the identity and credentials of a person before authorizing access to prescription data;

B. “Authorize” means the process by which a person is granted access privileges to prescription data;

C. “Bylaws” means those bylaws established by the interstate commission pursuant to Article VIII for its governance, or for directing or controlling its actions and conduct;

D. “Commissioner” means the voting representative appointed by each member state pursuant to Article VI of this compact;

E. “Interstate commission” or “commission” means the interstate commission created pursuant to Article VI of this compact;

F. “Member state” means any state that has adopted a prescription monitoring program and has enacted the enabling compact legislation;

G. “Practitioner” means a person licensed, registered or otherwise permitted to prescribe or dispense a prescription drug;

H. “Prescription data” means data transmitted by a prescription monitoring program that contains patient, prescriber, dispenser, and prescription drug information;

I. “Prescription drug” means any drug required to be reported to a state prescription monitoring program and which includes but is not limited to substances listed in the federal Controlled Substances Act;

J. “Prescription Monitoring Program” means a program that collects, manages, analyzes, and provides prescription data under the auspices of a state;

K. “Requestor” means a person authorized by a member state who has initiated a request for prescription data;

L. “Rule” means a written statement by the interstate commission promulgated pursuant to Article VII of this compact that is of general applicability, implements, interprets or prescribes a policy or provision of the compact, or an organizational, procedural, or practice requirement of the commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule;

Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

M. “State” means any state, commonwealth, district, or territory of the United States;

N. “Technology infrastructure” means the design, deployment, and use of both individual technology based components and the systems of such components to facilitate the transmission of information and prescription data among member states; and

O. “Transmission” means the release, transfer, provision, or disclosure of information or prescription data among member states.

ARTICLE III

AUTHORIZED USES AND RESTRICTIONS ON THE PRESCRIPTION DATA

A. Under the Prescription Monitoring Program compact a member state:

1. Retains its authority and autonomy over its prescription monitoring program and prescription data in accordance with its laws, regulations and policies;

2. May provide, restrict or deny prescription data to a requestor of another state in accordance with its laws, regulations and policies;

3. May provide, restrict or deny prescription data received from another state to a requestor within that state; and

4. Has the authority to determine which requestors shall be authorized.

B. Prescription data obtained by a member state pursuant to this compact shall have the following restrictions:

1. Be used solely for purposes of providing the prescription data to a requestor; and

2. Not be stored in the state's prescription monitoring program database, except for stored images, nor in any other database.

C. A state may limit the categories of requestors of another member state that will receive prescription data.

D. The commission shall promulgate rules establishing standards for requestor authentication.

1. Every member state shall authenticate requestors according to the rules established by the commission.

2. A member state may authorize its requestors to request prescription data from another member state only after such requestor has been authenticated.

3. A member state that becomes aware of a requestor who violated the laws or regulations governing the appropriate use of prescription data shall notify the state that transmitted the prescription data.

ARTICLE IV

TECHNOLOGY AND SECURITY

A. The commission shall establish security requirements through rules for the transmission of prescription data.

B. The commission shall foster the adoption of open (vendor- and technology-neutral) standards for the technology infrastructure.

C. The commission shall be responsible for acquisition and operation of the technology infrastructure.

ARTICLE V

FUNDING

A. The commission, through its member states, shall be responsible to provide for the payment of the reasonable expenses for establishing, organizing and administering the operations and activities of the interstate compact.

B. The interstate commission may levy on and collect annual dues from each member state to cover the cost of operations and activities of the interstate commission and its staff which must be in a total amount sufficient to cover the interstate commission's annual budget as approved each year. The aggregate annual dues amount shall be allocated in an equitable manner and may consist of a fixed fee component as well as a variable fee component based upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states. Such a formula shall take into account factors including, but not limited to the total number of practitioners or licensees within a member state. Fees established by the commission may be recalculated and assessed on an annual basis.

C. Notwithstanding the above or any other provision of law, the interstate commission may accept non-state funding, including grants, awards and contributions to offset, in whole or in part, the costs of the annual dues required under Article V, Section B.

D. The interstate commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the interstate commission pledge the credit of any of the member states, except by and with the authority of the member states.

E. The interstate commission shall keep accurate accounts of all receipts and disbursements subject to the audit and accounting procedures established under its bylaws.

In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. Please contact Sherry Green at (703) 836-6100 or sgreen@namsdl.org with any additional updates or information that may be relevant to this document. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

All receipts and disbursements of funds handled by the interstate commission shall be audited annually by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the interstate commission.

ARTICLE VI

INTERSTATE COMMISSION

The member states hereby create the Interstate Prescription Monitoring Program Commission. The Prescription Monitoring Program compact shall be governed by an interstate commission comprised of the member states and not by a third-party group or federal agency. The activities of the commission are the formation of public policy and are a discretionary state function.

A. The commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

B. The commission shall consist of one (1) voting representative from each member state who shall be that state's appointed compact commissioner and who is empowered to determine statewide policy related to matters governed by this compact. The compact commissioner shall be a policymaker within the agency that houses the state's Prescription Monitoring Program.

C. In addition to the state commissioner, the state shall appoint a non-voting advisor who shall be a representative of the state Prescription Monitoring Program.

D. In addition to the voting representatives and non-voting advisor of each member state, the commission may include persons who are not voting representatives, but who are members of interested organizations as determined by the commission.

E. Each member state represented at a meeting of the commission is entitled to one vote. A majority of the member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the commission. A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the commission, the appropriate appointing authority may delegate voting authority to another person from their state for a specified meeting. The bylaws may provide for meetings of the commission to be conducted by electronic communication.

F. The commission shall meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the compacting states, shall call additional meetings.

© 2016 Research is current as of May 2016. In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. Please contact Sherry Green at (703) 836-6100 or sgreen@namsdl.org with any additional updates or information that may be relevant to this document. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

G. The commission shall establish an executive committee, which shall include officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the commission, with the exception of rulemaking. During periods when the commission is not in session the executive committee shall oversee the administration of the compact, including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary.

H. The commission shall maintain a robust committee structure for governance (i.e., policy, compliance, education, technology, etc.) and shall include specific opportunities for stakeholder input.

I. The commission's bylaws and rules shall establish conditions and procedures under which the commission shall make its information and official records available to the public for inspection or copying. The commission may exempt from disclosure information or official records that would adversely affect personal privacy rights or proprietary interests.

J. The commission shall provide public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The commission may close a meeting, or portion thereof, where it determines by a two-thirds (2/3) vote of the members present that an open meeting would be likely to:

- 1. Relate solely to the commission's internal personnel practices and procedures;**
- 2. Discuss matters specifically exempted from disclosure by federal and state statute;**
- 3. Discuss trade secrets or commercial or financial information which is privileged or confidential;**
- 4. Involve accusing a person of a crime, or formally censuring a person;**
- 5. Discuss information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;**
- 6. Discuss investigative records compiled for law enforcement purposes; or**
- 7. Specifically relate to the commission's participation in a civil action or other legal proceeding.**

K. For a meeting, or portion of a meeting, closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exemptive provision. The commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents

considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission.

ARTICLE VII

POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The commission shall have the following powers and duties:

- A. To oversee and maintain the administration of the technology infrastructure;**
- B. To promulgate rules and take all necessary actions to effect the goals, purposes and obligations as enumerated in this compact, provided that no member state shall be required to create an advisory committee. The rules shall have the force and effect of statutory law and shall be binding in the member states to the extent and in the manner provided in this compact;**
- C. To establish a process for member states to notify the commission of changes to a state's prescription monitoring program statutes, regulations, or policies. This applies only to changes that would affect the administration of the compact;**
- D. To issue, upon request of a member state, advisory opinions concerning the meaning or interpretation of the interstate compact, its bylaws, rules and actions;**
- E. To enforce compliance with the compact provisions, the rules promulgated by the interstate commission, and the bylaws, using all necessary and proper means, including but not limited to the use of judicial process;**
- F. To establish and maintain one (1) or more offices;**
- G. To purchase and maintain insurance and bonds;**
- H. To borrow, accept, hire or contract for personnel or services;**
- I. To establish and appoint committees including, but not limited to, an executive committee as required by Article VI, Section G, which shall have the power to act on behalf of the interstate commission in carrying out its powers and duties hereunder;**
- J. To elect or appoint such officers, attorneys, employees, agents, or consultants, and to fix their compensation, define their duties and determine their qualifications; and to establish the interstate commission's personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel;**

K. To seek and accept donations and grants of money, equipment, supplies, materials, and services, and to utilize or dispose of them;

L. To lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use any property, real, personal, or mixed;

M. To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal or mixed;

N. To establish a budget and make expenditures;

O. To adopt a seal and bylaws governing the management and operation of the interstate commission;

P. To report annually to the legislatures, Governors and Attorneys General of the member states concerning the activities of the interstate commission during the preceding year. Such reports shall also include any recommendations that may have been adopted by the interstate commission and shall be made publically available;

Q. To coordinate education, training and public awareness regarding the compact, its implementation and operation;

R. To maintain books and records in accordance with the bylaws;

S. To perform such functions as may be necessary or appropriate to achieve the purposes of this compact; and

T. To provide for dispute resolution among member states.

ARTICLE VIII

ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

A. The interstate commission shall, by a majority of the members present and voting, within twelve (12) months after the first interstate commission meeting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including but not limited to:

1. Establishing the fiscal year of the interstate commission;

2. Establishing an executive committee, and such other committees as may be necessary for governing any general or specific delegation of authority or function of the interstate commission;

3. Providing procedures for calling and conducting meetings of the interstate commission, and ensuring reasonable notice of each such meeting;

4. Establishing the titles and responsibilities of the officers and staff of the interstate commission; and

5. Providing a mechanism for concluding the operations of the interstate commission and the return of surplus funds that may exist upon the termination of the compact after the payment and reserving of all of its debts and obligations.

B. The interstate commission shall, by a majority of the members present, elect annually from among its members a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson's absence or disability, the vice-chairperson, shall preside at all meetings of the interstate commission. The officers so elected shall serve without compensation or remuneration from the interstate commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the interstate commission.

C. Executive Committee, Officers and Staff

1. The executive committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:

a. Managing the affairs of the interstate commission in a manner consistent with the bylaws and purposes of the interstate commission;

b. Overseeing an organizational structure within, and appropriate procedures for the interstate commission to provide for the administration of the compact; and

c. Planning, implementing, and coordinating communications and activities with other state, federal and local government organizations in order to advance the purpose of the interstate commission.

2. The executive committee may, subject to the approval of the interstate commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation, as the interstate commission may deem appropriate. The executive director shall serve as secretary to the interstate commission, but shall not be a member of the interstate commission. The executive director shall hire and supervise such other persons as may be authorized by the interstate commission.

D. The interstate commission's executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a

© 2016 Research is current as of May 2016. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

reasonable basis for believing occurred, within the scope of interstate commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

1. The liability of the interstate commission's executive director and employees or interstate commission representatives, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The interstate commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

2. The interstate commission shall defend the executive director, its employees, and subject to the approval of the Attorney General or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of interstate commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

3. To the extent not covered by the state involved, member state, or the interstate commission, the representatives or employees of the interstate commission shall be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

ARTICLE IX

RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. Rulemaking Authority--The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the interstate commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, then such an action by the interstate commission shall be invalid and have no force or effect. Any rules promulgated by the commission shall not override the state's authority to govern prescription drugs or each state's Prescription Monitoring Program.

© 2016 Research is current as of May 2016. In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

B. Rulemaking Procedure--Rules shall be made pursuant to a rulemaking process that substantially conforms to the “Model State Administrative Procedure Act,” of 1981 Act, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the interstate commission.

C. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the interstate commission's authority.

ARTICLE X

OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight

1. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law but, shall not override the state's authority to govern prescription drugs or the state's Prescription Monitoring Program.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the interstate commission.

3. The interstate commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission shall render a judgment or order void as to the interstate commission, this compact or promulgated rules.

B. Default, Technical Assistance, Suspension and Termination--If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the interstate commission shall:

1. Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default.

- 2. Provide remedial training and specific technical assistance regarding the default.**
- 3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.**
- 4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the interstate commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.**
- 5. The state which has been suspended or terminated is responsible for all dues, obligations and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.**
- 6. The interstate commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.**
- 7. The defaulting state may appeal the action of the interstate commission by petitioning the United States District Court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.**

C. Dispute Resolution

- 1. The interstate commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states.**
- 2. The interstate commission shall promulgate a rule providing for both mediation and binding dispute resolution as appropriate.**

D. Enforcement

- 1. The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.**
- 2. The interstate commission, may by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of the compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both**

injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XI

MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

A. Any state that has enacted Prescription Monitoring Program legislation through statute or regulation is eligible to become a member state of this compact.

B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than six (6) of the states. Thereafter it shall become effective and binding on a state upon enactment of the compact into law by that state. The Governors of non-member states or their designees shall be invited to participate in the activities of the interstate commission on a non-voting basis prior to adoption of the compact by all states.

C. The interstate commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the interstate commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XII

WITHDRAWAL AND DISSOLUTION

A. Withdrawal

1. Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

2. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other member state.

3. The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt thereof.

© 2016 Research is current as of May 2016. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

4. The withdrawing state is responsible for all dues, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

5. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

B. Dissolution of the Compact

1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one (1) member state.

2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XIII

SEVERABILITY AND CONSTRUCTION

A. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

B. The provisions of this compact shall be liberally construed to effectuate its purposes.

C. Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XIV

BINDING EFFECT OF COMPACT AND OTHER LAWS

A. Other Laws

1. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this compact.

B. Binding Effect of the Compact

1. All lawful actions of the interstate commission, including all rules and bylaws promulgated by the interstate commission, are binding upon the member states.

2. All agreements between the interstate commission and the member states are binding in accordance with their terms.

Louisiana

§ 40:1007

ADC Title 46, Part LIII, § 2917

ADC Title 46, Part LIII, § 2921

West's Louisiana Statutes Annotated (2016)

Louisiana Revised Statutes

Title 40. Public Health and Safety

Chapter 4. Food and Drugs

Part X-A. Prescription Monitoring Program

§ 1007. Access to prescription monitoring information

...

E. The following persons, after successful completion of the educational courses identified in R.S. 40:1008, may access prescription monitoring information at no cost and in the same or similar manner, and for the same or similar purposes, as those persons are authorized to access similar protected health information under federal and state law and regulation:

(1) Persons authorized to prescribe or dispense controlled substances or drugs of concern, or their delegates as defined by rule, for the purpose of providing medical or pharmaceutical care for their patients, or for verifying their prescribing records.

(2) Designated representatives from the professional licensing, certification, or regulatory agencies of this state or another state charged with administrative oversight of those professionals engaged in the prescribing or dispensing of controlled substances or other drugs of concern.

(3) Designated representatives from the Louisiana Medicaid program regarding Medicaid program recipients.

(4) Designated representatives of the board and any vendor or contractor establishing or maintaining the prescription monitoring program.

F. The board may provide a report containing prescription monitoring information upon application of local, state, out-of-state, and federal law enforcement or prosecutorial officials engaged in the administration, investigation, or enforcement of the laws governing controlled substances or other drugs of concern in compliance with and as limited by the relevant requirements of any of the following:

(1) A court order or court-ordered warrant, or a subpoena or summons issued by a judicial officer.

Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

(2) A grand jury subpoena.

(3) An administrative request, including an administrative subpoena or summons, a civil or an authorized investigative demand, or similar process authorized under law, provided by law enforcement to the board, and further, provided all of the following:

(a) The information sought is relevant and material to a legitimate law enforcement inquiry.

(b) The request is specific and limited in scope to the extent reasonably practicable in light of the purpose for which the information is sought.

(c) De-identified information, or limited information that does not identify or could not reasonably lead to the identification of an individual patient, could not reasonably be used.

G. The board may provide prescription monitoring information in response to queries from prescription monitoring programs located in other states, through its participation in a secure interstate data exchange system, and the information may be used by those programs in a manner consistent with this Section.

H. The board may provide prescription monitoring information to authorized users of the prescription monitoring program via a state health information exchange or other third party conduit that has been approved by the board.

I. The board may provide prescription monitoring information to an individual who requests his personal prescription monitoring information in accordance with procedures established by board regulation.

J. The board and the advisory council shall be immune from civil liability arising from inaccuracy of any of the information submitted to the board pursuant to this Part.

Subchapter C. Access to Prescription Monitoring Information

§ 2921. Methods of Access to Prescription Monitoring Information

- A. Prescribers and dispensers, once properly registered, may solicit prescription monitoring information from the program concerning their patients, or for verifying their prescription records. The program may require such users to certify the legitimacy of their inquiry prior to furnishing the requested information.
- B. Designated representatives from agencies charged with administrative oversight of prescribers and dispensers of controlled substances may solicit prescription monitoring information from the program concerning specific investigations of prescribers or dispensers. The program may require such users to certify the legitimacy of their inquiry prior to furnishing the requested information.
- C. Designated representatives of the Louisiana Medicaid program, once properly registered, may solicit prescription monitoring information from the program concerning specific recipients. The program may require such users to certify the legitimacy of their inquiry prior to furnishing the requested information.

D. Designated representatives of the board, or any vendor or contractor establishing or maintaining the program, once properly registered, may solicit prescription monitoring information from the program for the purpose of establishing or maintaining the program's database.

E. Upon receipt of one of the following methods of application by local, state, out-of-state, or federal law enforcement or prosecutorial officials, the program may provide prescription monitoring information:

1. a court order or court-ordered warrant, or a subpoena or summons issued by a judicial officer;

2. a grand jury subpoena; or

3. an administrative request, including an administrative subpoena or summons, a civil or an authorized investigative demand, or similar process authorized under law, provided by law enforcement to the board, and further, provided all of the following:

a. the information sought is relevant and material to a legitimate law enforcement inquiry;

b. the request is specific and limited in scope to the extent reasonably practicable in light of the purpose for which the information is sought;

c. de-identified information, or limited information that does not identify or could not reasonably lead to the identification of an individual patient, could not reasonably be used.

F. Individuals may solicit their own prescription monitoring information from the program. To prevent inappropriate access to such information, the requestor shall personally appear at the program office and produce positive photo identification at the time of their request. The program shall furnish a single copy of the report responding to such request at no charge to the individual.

G. Program personnel, once properly registered, may solicit prescription monitoring information from the program's database for the purpose of responding to legitimate inquiries from authorized users or other individuals.

H. Prescription monitoring programs located in other states may access prescription monitoring information from the program through a secure interstate data exchange system or health information exchange system approved by the board.

in comparison among peers. If the department has shared with a prescriber treatment pattern data under this subsection, the department shall allow the prescriber time to align the prescriber's prescribing patterns with the patterns of the peers of the prescriber. The department may take appropriate actions with regard to a prescriber who is unable to achieve treatment pattern alignment as provided in this subsection.

Maine Revised Statutes Annotated (2016)
Title 22. Health and Welfare
Subtitle 4. Human Services
Part 3. Drug Abuse
Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7261. Purpose--Article 1

The purpose of the interstate prescription monitoring program compact, referred to in this chapter as “the compact,” is to provide a mechanism for state prescription monitoring programs to securely share prescription data to improve public health and safety. The compact is intended to:

1. Enhance state prescription monitoring programs. Enhance the ability of state prescription monitoring programs, in accordance with state laws, to provide an efficient and comprehensive tool for:

A. Practitioners to monitor patients and support treatment decisions;

B. Law enforcement officials to conduct diversion investigations when authorized by state law;

C. Regulatory agencies to conduct investigations or other appropriate reviews when authorized by state law; and

D. Other uses of prescription drug data authorized by state law for purposes of curtailing drug abuse and diversion; and

2. Provide technology infrastructure. Provide a technology infrastructure to facilitate secure data transmission.

§ 7262. Definitions--Article 2

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

- 1. Authentication. “Authentication” means the process of verifying the identity and credentials of a person before authorizing access to prescription data.**
- 2. Authorized. “Authorized” means the granting of access privileges to prescription data.**
- 3. Bylaws. “Bylaws” means those bylaws established by the interstate commission pursuant to section 7268 for its governance or for directing or controlling its actions and conduct.**
- 4. Commissioner. “Commissioner” means the voting representative appointed by each member state pursuant to section 7266.**
- 5. Interstate commission or commission. “Interstate commission” or “commission” means the Interstate Prescription Monitoring Program Commission created pursuant to section 7266.**
- 6. Member state. “Member state” means any state that has adopted a prescription monitoring program and has enacted the enabling compact legislation.**
- 7. Practitioner. “Practitioner” means a person licensed, registered or otherwise permitted to prescribe or dispense a prescription drug.**
- 8. Prescription data. “Prescription data” means data transmitted by a prescription monitoring program that contains patient, prescriber, dispenser and prescription drug information.**
- 9. Prescription drug. “Prescription drug” means any drug required to be reported to a state prescription monitoring program and includes but is not limited to substances listed in the federal Controlled Substances Act.**
- 10. Prescription monitoring program. “Prescription monitoring program” means a program that collects, manages, analyzes and provides prescription data under the auspices of a state.**

11. Requestor. “Requestor” means a person authorized by a member state who has initiated a request for prescription data.

12. Rule. “Rule” means a written statement by the interstate commission promulgated pursuant to section 7267 that is of general applicability; implements, interprets or prescribes a policy or provision of the compact; or is an organizational, procedural or practice requirement of the commission and has the force and effect of statutory law in a member state. “Rule” includes the amendment, repeal or suspension of an existing rule.

13. State. “State” means any state, commonwealth, district or territory of the United States.

14. Technology infrastructure. “Technology infrastructure” means the design, deployment and use of both individual technology-based components and the systems of such components to facilitate the transmission of information and prescription data among member states.

15. Transmission. “Transmission” means the release, transfer, provision or disclosure of information or prescription data among member states.

Maine Revised Statutes Annotated (2016)
Title 22. Health and Welfare
Subtitle 4. Human Services
Part 3. Drug Abuse
Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7263. Authorized uses and restrictions on prescription data--Article 3

1. Authority of member state. Under the compact a member state:

A. Retains its authority and autonomy over its prescription monitoring program and prescription data in accordance with its laws, rules and policies;

B. May provide, restrict or deny prescription data to a requestor of another state in accordance with the member state's laws, rules and policies;

C. May provide, restrict or deny prescription data received from another state to a requestor within that state; and

D. Has the authority to determine which requestors are authorized.

2. Restrictions on prescription data. Prescription data obtained by a member state pursuant to this compact has the following restrictions.

A. It must be used solely for purposes of providing the prescription data to a requestor.

© 2016 Research is current as of May 2016. In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. Please contact Sherry Green at (703) 836-6100 or sgreen@namsdl.org with any additional updates or information that may be relevant to this document. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

B. It may not be stored in the member state's prescription monitoring program database, except for stored images, nor in any other database.

3. Limit on categories of requestors. A member state may limit the categories of requestors of another member state that will receive prescription data.

4. Requestor authentication. The commission shall promulgate rules establishing standards for requestor authentication.

A. Every member state shall authenticate requestors according to the rules established by the commission.

B. A member state may authorize its requestors to request prescription data from another member state only after such requestor has been authenticated.

C. A member state that becomes aware of a requestor who violated the laws or rules governing the appropriate use of prescription data shall notify the state that transmitted the prescription data.

Maine Revised Statutes Annotated (2016)

Title 22. Health and Welfare

Subtitle 4. Human Services

Part 3. Drug Abuse

Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7264. Technology and security--Article 4

1. Security requirements. The commission shall establish security requirements through rules for the transmission of prescription data.

2. Open standards for technology infrastructure. The commission shall foster the adoption of open standards for the technology infrastructure that are vendor-neutral and technology-neutral.

3. Acquisition and operation of technology infrastructure. The commission is responsible for acquisition and operation of the technology infrastructure.

§ 7265. Funding--Article 5

- 1. Interstate commission responsible for funding compact. The interstate commission, through its member states, is responsible for providing for the payment of the reasonable expenses for establishing, organizing and administering the operations and activities of the compact.**
- 2. Interstate commission may collect dues from member states. The interstate commission may levy on and collect annual dues from each member state to cover the cost of operations and activities of the interstate commission and its staff, which must be in a total amount sufficient to cover the interstate commission's annual budget as approved each year. The aggregate annual dues amount must be allocated in an equitable manner and may consist of a fixed fee component as well as a variable fee component based upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states. Such a formula must take into account factors including but not limited to the total number of practitioners or licensees within a member state. Fees established by the interstate commission may be recalculated and assessed on an annual basis.**
- 3. Interstate commission may accept nonstate funding. Notwithstanding subsections 1 and 2 and any other provision of law, the interstate commission may accept nonstate funding, including grants, awards and contributions to offset, in whole or in part, the costs of the annual dues required under subsection 2.**
- 4. Interstate commission may not incur obligations prior to securing funds. The interstate commission may not incur obligations of any kind prior to securing the funds adequate to meet the same. The interstate commission may not pledge the credit of any of the member states, except by and with the authority of the member states.**
- 5. Interstate commission to keep accurate accounts. The interstate commission shall keep accurate accounts of all receipts and disbursements subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the interstate commission must be audited annually by a certified or licensed public accountant, and the report of the audit must be included in and become part of the annual report of the interstate commission.**

§ 7266. Interstate commission--Article 6

The member states hereby create the Interstate Prescription Monitoring Program Commission to govern the compact. The interstate commission is composed of the member states and not a 3rd-party group or federal agency. The activities of the commission are the formation of public policy and are a discretionary state function.

1. Body corporate. The commission is a body corporate and joint agency of the member states and has all the responsibilities, powers and duties set forth herein and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

2. Composition. The commission consists of one voting representative from each member state who is that member state's appointed commissioner and who is empowered to determine statewide policy related to matters governed by this compact. The commissioner must be a policy maker within the agency that houses the member state's prescription monitoring program.

3. Nonvoting advisor. In addition to the commissioner, a member state shall appoint a nonvoting advisor who is a representative of the member state's prescription monitoring program.

4. Members of interested organizations. In addition to the voting representatives and nonvoting advisor of each member state, the commission may include persons who are not voting representatives, but who are members of interested organizations as determined by the commission.

5. Each member state entitled to one vote. Each member state represented at a meeting of the commission is entitled to one vote. A majority of the member states constitutes a quorum for the transaction of business, unless a larger quorum is required by the bylaws. A representative may not delegate a vote to another member state. In the event a commissioner is unable to attend a meeting of the commission, the appropriate appointing authority may delegate voting authority to another person from that member state for a specified meeting. The bylaws may provide for meetings of the commission to be conducted by electronic communication.

6. Meetings. The commission shall meet at least once each calendar year. The chair of the commission may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

© 2016 Research is current as of May 2016. In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

7. Executive committee. The commission shall establish an executive committee, which must include officers, members and others as determined by the bylaws. The executive committee has the power to act on behalf of the commission, with the exception of rulemaking. During periods when the commission is not in session the executive committee shall oversee the administration of the compact, including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as determined necessary.

8. Committee structure. The commission shall maintain a committee structure for governance in areas including but not limited to policy, compliance, education and technology and shall include specific opportunities for stakeholder input.

9. Records available to public. The commission's bylaws and rules must establish conditions and procedures under which the commission shall make its information and official records available to the public for inspection or copying. The commission may exempt from disclosure information or official records that would adversely affect personal privacy rights or proprietary interests.

10. Public notice of meetings; meetings open to public. The commission shall provide public notice of all meetings and all meetings must be open to the public, except as set forth in the rules or as otherwise provided in the compact. The commission may close a meeting, or portion of a meeting, when it determines by a 2/3 vote of the members present that discussions at the open meeting would be likely to:

- A. Relate solely to the commission's internal personnel practices and procedures;**
- B. Concern matters specifically exempted from disclosure by federal and state statute;**
- C. Concern trade secrets or commercial or financial information that is privileged or confidential;**
- D. Involve accusing a person of a crime or formally censuring a person;**
- E. Concern information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;**
- F. Concern investigative records compiled for law enforcement purposes; or**
- G. Specifically relate to the commission's participation in a civil action or other legal proceeding.**

11. Requirements for meeting closed to public. For a meeting or portion of a meeting closed pursuant to subsection 10, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exemptive provision. The commission shall keep minutes that must fully and clearly describe all matters discussed in

Subtitle 4. Human Services
Part 3. Drug Abuse
Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7267. Powers and duties of the interstate commission--Article 7

The commission has the following powers and duties:

- 1. Oversee and maintain technology infrastructure. To oversee and maintain the administration of the technology infrastructure;**
- 2. Promulgate rules; take all necessary actions to effect goals. To promulgate rules and take all necessary actions to effect the goals, purposes and obligations as enumerated in this compact, as long as no member state is required to create an advisory committee. The rules have the force and effect of statutory law and are binding in the member states to the extent and in the manner provided in this compact;**
- 3. Establish process for notification of changes to state law or policies. To establish a process for a member state to notify the commission of changes to that member state's prescription monitoring program statutes, regulations or policies. This subsection applies only to changes that affect the administration of the compact;**
- 4. Issue advisory opinions. To issue, upon request of a member state, advisory opinions concerning the meaning or interpretation of the compact and the commission's bylaws, rules and actions;**
- 5. Enforce compliance with compact provisions. To enforce compliance with the compact provisions, the rules promulgated by the interstate commission and the bylaws, using all necessary and proper means, including but not limited to the use of judicial process;**
- 6. Establish and maintain offices. To establish and maintain one or more offices;**
- 7. Purchase and maintain insurance and bonds. To purchase and maintain insurance and bonds;**

- 8. Provide for personnel or services. To borrow, accept, hire or contract for personnel or services;**
- 9. Establish and appoint committees. To establish and appoint committees including but not limited to an executive committee as required by section 7266, subsection 7;**
- 10. Appoint officers, employees and agents. To elect or appoint officers, attorneys, employees, agents or consultants and to fix their compensation, define their duties and determine their qualifications and to establish the interstate commission's personnel policies and programs relating to conflicts of interest, rates of compensation and qualifications of personnel;**
- 11. Seek and accept donations. To seek and accept donations and grants of money, equipment, supplies, materials and services and to use or dispose of them;**
- 12. Own or lease property. To lease, purchase, accept contributions or donations of or otherwise to own, hold, improve or use any real, personal or mixed property;**
- 13. Sell or exchange property. To sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise dispose of any real, personal or mixed property;**
- 14. Establish budget. To establish a budget and make expenditures;**
- 15. Adopt seal and bylaws. To adopt a seal and bylaws governing the management and operation of the interstate commission;**
- 16. Report. To report annually to the legislatures, governors and attorneys general of the member states concerning the activities of the interstate commission during the preceding year. These reports must also include any recommendations that may have been adopted by the interstate commission and must be made publicly available;**
- 17. Coordinate education. To coordinate education, training and public awareness regarding the compact and its implementation and operation;**
- 18. Maintain books and records. To maintain books and records in accordance with the bylaws;**
- 19. Perform necessary or appropriate functions. To perform such functions as may be necessary or appropriate to achieve the purposes of the compact; and**
- 20. Provide for dispute resolution. To provide for dispute resolution among member states.**

§ 7268. Organization and operation of the interstate commission--Article 8

1. Bylaws. The interstate commission shall, by a majority of the members present and voting, within 12 months after the first interstate commission meeting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including, but not limited to:

A. Establishing the fiscal year of the interstate commission;

B. Establishing an executive committee and such other committees as may be necessary for governing any general or specific delegation of authority or function of the interstate commission;

C. Providing procedures for calling and conducting meetings of the interstate commission and ensuring reasonable notice of each meeting;

D. Establishing the titles and responsibilities of the officers and staff of the interstate commission; and

E. Providing a mechanism for concluding the operations of the interstate commission and the return of surplus funds that may exist upon the termination of the compact after the payment and reserving of all of its debts and obligations.

2. Officers. The interstate commission shall, by a majority vote of the members present, elect annually from among its members a chair, a vice-chair and a treasurer, each of whom has such authority and duties as may be specified in the bylaws. The chair or, in the chair's absence or disability, the vice-chair shall preside at all meetings of the interstate commission. The officers elected serve without compensation or remuneration from the interstate commission, except that, subject to the availability of budgeted funds, the officers must be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the interstate commission.

3. Executive committee and staff. The following provisions govern the executive committee and staff.

A. The executive committee has such authority and duties as may be set forth in the bylaws, including but not limited to:

- (1) Managing the affairs of the interstate commission in a manner consistent with the bylaws and purposes of the interstate commission;**
- (2) Overseeing an organizational structure within, and appropriate procedures for, the interstate commission to provide for the administration of the compact; and**
- (3) Planning, implementing and coordinating communications and activities with other state, federal and local government organizations in order to advance the purpose of the interstate commission.**

B. The executive committee may, subject to the approval of the interstate commission, appoint or retain an executive director for such period upon terms and conditions and for compensation as the interstate commission may consider appropriate. The executive director serves as secretary to the interstate commission, but is not a member of the interstate commission. The executive director shall hire and supervise other persons as may be authorized by the interstate commission.

4. Liability. The interstate commission's executive director and the commission's employees are immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error or omission that occurred or that such person had a reasonable basis for believing occurred within the scope of interstate commission employment, duties or responsibilities, except that such person is not protected from suit or liability for damage, loss, injury or liability caused by the intentional or willful and wanton misconduct of such person.

A. The liability of the interstate commission's executive director and employees or interstate commission representatives, acting within the scope of that person's employment or duties for acts, errors or omissions occurring within the person's state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees and agents. The interstate commission is considered to be an instrumentality of the states for the purposes of any such action. This subsection may not be construed to protect the person from suit or liability for damage, loss, injury or liability caused by the intentional or willful and wanton misconduct of that person.

B. The interstate commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend the interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of interstate commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties or responsibilities, as long as the actual or alleged act, error or omission did not result from intentional or willful and wanton misconduct on the part of such person.

C. To the extent not covered by the state involved, member state or the interstate commission, the representatives or employees of the interstate commission must be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against such persons arising out of an actual or alleged act, error or omission that occurred within the scope of interstate commission employment, duties or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of interstate commission employment, duties or responsibilities, as long as the actual or alleged act, error or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

Maine Revised Statutes Annotated (2016)

Title 22. Health and Welfare

Subtitle 4. Human Services

Part 3. Drug Abuse

Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7269. Rule--making functions of the interstate commission--Article 9

1. Rule-making authority. The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding this subsection, in the event the interstate commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of this compact or the powers granted under this compact, such an action by the interstate commission is invalid and has no force or effect. Any rules promulgated by the commission do not override the State's authority to govern prescription drugs or each member state's prescription monitoring program.

2. Rule-making procedure. Rules must be made pursuant to a rule-making process that substantially conforms to the "Model State Administrative Procedure Act," of 1981 Act, Uniform Laws Annotated, Vol. 15, p. 1 (2000) as amended, as may be appropriate to the operations of the interstate commission.

3. Judicial review. Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule as long as the filing of such a petition does not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and may not find the rule to be unlawful if the rule represents a reasonable exercise of the interstate commission's authority.

§ 7270. Oversight, enforcement and dispute resolution--Article 10

1. Oversight. The following provisions govern the oversight of the compact.

A. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated under this compact have standing as statutory law but do not override the State's authority to govern prescription drugs or the State's prescription monitoring program.

B. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact that may affect the powers, responsibilities or actions of the interstate commission.

C. The interstate commission is entitled to receive all service of process in any proceeding under paragraph B and has standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission renders a judgment or order void as to the interstate commission, this compact or promulgated rules.

2. Default, technical assistance, suspension and termination. If the interstate commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the bylaws or promulgated rules, the interstate commission shall provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the defaulting state must cure its default. The interstate commission shall provide remedial training and specific technical assistance regarding the default.

A. If the defaulting state fails to cure the default, the defaulting state must be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact are terminated from the effective date of termination. A cure of the default does not relieve the defaulting state of obligations or liabilities incurred during the period of the default.

B. Suspension or termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be given by the interstate commission to the governor of the defaulting

state, the majority and minority leaders of the defaulting state's legislature and each of the member states.

C. A defaulting state that has been suspended or terminated is responsible for all dues, obligations and liabilities incurred through the effective date of suspension or termination, including obligations the performance of which extends beyond the effective date of suspension or termination.

D. The interstate commission may not bear costs relating to any state that has been found to be in default or that has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.

E. The defaulting state may appeal the action of the interstate commission by petitioning the United States District Court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party must be awarded all costs of such litigation including reasonable attorney's fees.

3. Dispute resolution. The following provisions govern dispute resolution.

A. The interstate commission shall attempt, upon the request of a member state, to resolve disputes that are subject to the compact and that may arise among member states.

B. The interstate commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate.

4. Enforcement. The following provisions govern enforcement of the compact.

A. The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

B. The interstate commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its principal offices, to enforce compliance with the provisions of the compact and its promulgated rules and bylaws against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party must be awarded all costs of such litigation including reasonable attorney's fees.

C. The remedies in this subsection are not the exclusive remedies of the interstate commission. The interstate commission may avail itself of any other remedies available under state law or the regulation of a profession.

Maine Revised Statutes Annotated (2016)
Title 22. Health and Welfare
Subtitle 4. Human Services
Part 3. Drug Abuse
Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7271. Member states, effective date and amendment--Article 11

1. Eligibility for membership in compact. Any state that has enacted prescription monitoring program legislation through statute or regulation is eligible to become a member state of this compact.

2. Effective upon enactment by at least 6 states. The compact becomes effective and binding upon legislative enactment of the compact into law by no fewer than 6 states. Thereafter it becomes effective and binding on a state upon enactment of the compact into law by that state. The governors of nonmember states or their designees must be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states.

3. Amendments. The interstate commission may propose amendments to the compact for enactment by the member states. An amendment may not become effective and binding upon the interstate commission and the member states until it is enacted into law by unanimous consent of the member states.

Maine Revised Statutes Annotated (2016)
Title 22. Health and Welfare
Subtitle 4. Human Services
Part 3. Drug Abuse
Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7272. Withdrawal and dissolution--Article 12

1. Withdrawal. The following provisions govern withdrawal from the compact.

A. Once effective, the compact continues in force and remains binding upon each member state except that a member state may withdraw from the compact by specifically repealing the statute that enacted the compact into law.

B. Withdrawal from this compact must be by the enactment of a statute repealing the compact, but may not take effect until one year after the effective date of that statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

© 2016 Research is current as of May 2016. In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

C. The withdrawing state shall immediately notify the chair of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other member states of the withdrawing state's intent to withdraw within 60 days of its receipt of notice.

D. The withdrawing state is responsible for all dues, obligations and liabilities incurred through the effective date of withdrawal, including obligations the performance of which extends beyond the effective date of withdrawal.

E. Reinstatement following withdrawal of a member state occurs upon the withdrawing state's reenacting the compact or upon such later date as determined by the interstate commission.

2. Dissolution of the compact. The following provisions govern dissolution of the compact.

A. This compact dissolves effective upon the date of the withdrawal or default of the member state that reduces the membership in the compact to one member state.

B. Upon the dissolution of this compact, the compact becomes void and is of no further force or effect, and the business and affairs of the interstate commission must be concluded and surplus funds must be distributed in accordance with the bylaws.

Title 22. Health and Welfare

Subtitle 4. Human Services

Part 3. Drug Abuse

Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7273. Severability and construction--Article 13

1. Severable. The provisions of this compact are severable, and if any phrase, clause, sentence or provision is determined unenforceable, the remaining provisions of the compact are enforceable.

2. Liberally construed. The provisions of this compact must be liberally construed to effectuate its purposes.

3. Concurrent applicability. Nothing in this compact may be construed to prohibit the applicability of other interstate compacts to which the states are members.

Maine Revised Statutes Annotated (2016)
Title 22. Health and Welfare
Subtitle 4. Human Services
Part 3. Drug Abuse
Chapter 1604. Interstate Prescription Monitoring Program Compact

§ 7274. Binding effect of compact and other laws--Article 14

1. Other laws. Nothing in this compact prevents the enforcement of any other law of a member state that is not inconsistent with this compact. All member states' laws conflicting with this compact are superseded to the extent of the conflict.

2. Binding effect of compact. All lawful actions of the interstate commission, including all rules and bylaws promulgated by the interstate commission, are binding upon the member states.

A. All agreements between the interstate commission and the member states are binding in accordance with their terms.

B. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, the provision is ineffective to the extent of the conflict with the constitutional provision in question in that member state.

Disclosure in accordance with regulations

(b) The Program shall disclose prescription monitoring data, in accordance with regulations adopted by the Secretary, to:

- (1) A prescriber, or a licensed health care practitioner authorized by the prescriber, in connection with the medical care of a patient;
- (2) A dispenser, or a licensed health care practitioner authorized by the dispenser, in connection with the dispensing of a monitored prescription drug;
- (3) A federal law enforcement agency or a State or local law enforcement agency, on issuance of a subpoena, for the purpose of furthering an existing bona fide individual investigation;
- (4) The State Board of Physicians, on issuance of an administrative subpoena voted on by a quorum of a disciplinary panel, as defined in § 14-101 of the Health Occupations Article, for the purposes of furthering an existing bona fide investigation of an individual;
- (5) A licensing entity other than the State Board of Physicians, on issuance of an administrative subpoena voted on by a quorum of the board of the licensing entity, for the purposes of furthering an existing bona fide individual investigation;
- (6) A rehabilitation program under a health occupations board, on issuance of an administrative subpoena;
- (7) A patient with respect to prescription monitoring data about the patient;

Title 105: Department of Public Health
Chapter 700.000: Implementation of M.g.l. C. 94C

700.012: Prescription Monitoring Program

...

(D) Privacy. Confidentiality and Disclosure.

(1) Except where otherwise provided by judicial order, statute or regulation, including but not limited to 105 CMR 700.012(D)(2), the information collected pursuant to 105 CMR 700.012 shall be kept confidential by the Department.

(2) The Department shall, upon request and to the extent made feasible by 105 CMR 700.012(F), provide data collected pursuant to 105 CMR 700.012 to:

(a) an individual authorized and registered to prescribe or dispense controlled substances, for the purpose of providing medical or pharmaceutical care to a patient;

(b) a person authorized to act on behalf of an entity designated by M.G.L. c. 94C, § 24A, provided the request is in connection with a bona fide specific controlled substance or additional drug-related investigation, and further provided that such entity is:

1. a state board or regulatory agency that supervises or regulates a profession that may prescribe or dispense controlled substances;
2. a local, state or federal law enforcement agency or prosecutorial office working with the Executive Office of Public Safety engaged in the administration, investigation or enforcement of criminal law governing controlled substances;
3. the Executive Office of Health and Human Services, acting with regard to a MassHealth program recipient;
4. the United States Attorney;
5. the Office of the Attorney General; or
6. the office of a District Attorney.

(c) a duly authorized representative of a health department or other agency in another state, commonwealth, district, territory or country that maintains prescription information in a data system with privacy, security and other disclosure requirements consistent with those established in the Commonwealth, in accordance with a valid, written reciprocal data sharing agreement establishing the terms and conditions for exchange of data; and

(d) an individual or the individual's parent or legal guardian, who requests the individual's own prescription monitoring information in accordance with procedures established under M.G.L. c. 66A and other applicable statute or regulation of the Commonwealth.

(3) A request for information collected pursuant to 105 CMR 700.012 shall be in writing or, if applicable, transmitted electronically pursuant to 105 CMR 700.012(F) and shall be made in accordance with procedures established by the Commissioner or designee to ensure compliance with the requirements of 105 CMR 700.012(D) and (E).

(4) The Commissioner or designee may initiate disclosure of data on a patient or research subject collected pursuant to 105 CMR 700.012 to an individual authorized and registered to prescribe or dispense controlled substances in any or all of the Schedules II through V, and Schedule VI if applicable, pursuant to 105 CMR 700.000, provided that:

(a) The authorized individual has prescribed or dispensed such a controlled substance to the patient or research subject;

(2) Notwithstanding any practitioner-patient privilege, the director of the department may provide data obtained under this section to all of the following:

(a) A designated representative of a board responsible for the licensure, regulation, or discipline of a practitioner, pharmacist, or other person who is authorized to prescribe, administer, or dispense controlled substances.

(b) An employee or agent of the department.

(c) A state, federal, or municipal employee or agent whose duty is to enforce the laws of this state or the United States relating to drugs.

(d) A state-operated medicaid program.

(e) A state, federal, or municipal employee who is the holder of a search warrant or subpoena properly issued for the records.

(f) A practitioner or pharmacist who requests information and certifies that the requested information is for the purpose of providing medical or pharmaceutical treatment to a bona fide current patient.¹

(g) An individual with whom the department has contracted under subsection (8).

(h) A practitioner or other person who is authorized to prescribe controlled substances for the purpose of determining if prescriptions written by that practitioner or other person have been dispensed.

Montana
§ 37-7-1506

West's Montana Code Annotated (2015)
Title 37. Professions and Occupations
Chapter 7. Pharmacy
Part 15. Prescription Drug Registry

§ 37-7-1506. Providing prescription drug registry information

(1) Registry information is health care information as defined in 50-16-504 and is confidential. Except as provided in 37-7-1504, the board is authorized to provide data from the registry, upon request, only to the following:

- (a) a person authorized to prescribe or dispense prescription drugs if the person certifies that the information is needed to provide medical or pharmaceutical treatment to a patient who is the subject of the request and who is under the person's care or has been referred to the person for care;
- (b) a prescriber who requests information relating to the prescriber's own prescribing information if the prescriber certifies that the requested information is for a purpose in accordance with board rule;
- (c) an individual requesting the individual's registry information if the individual provides evidence satisfactory to the board that the individual requesting the information is the person about whom the data entry was made;
- (d) a designated representative of a government agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense drugs, in order to conduct investigations related to a health care professional who is the subject of an active investigation for drug misuse or diversion;
- (e) a county coroner or a peace officer employed by a federal, state, tribal, or local law enforcement agency if the county coroner or peace officer has obtained an investigative subpoena;
- (f) an authorized individual under the direction of the department of public health and human services for the purpose of reviewing and enforcing that department's responsibilities under the public health, medicare, or medicaid laws; or
- (g) a prescription drug registry in another state if the data is subject to limitations and restrictions similar to those provided in 37-7-1502 through 37-7-1513.**

- (2) The board shall maintain a record of each individual or entity that requests information from the registry and whether the request was granted pursuant to this section.
- (3) The board may release information in summary, statistical, or aggregate form for educational, research, or public information purposes. The information may not identify a person or entity.
- (4) Information collected by or obtained from the registry may not be used:
- (a) for commercial purposes; or
 - (b) as evidence in any civil or administrative action, except in an investigation and disciplinary proceeding by the department or the agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense prescription drugs.
- (5) Information obtained from the registry in accordance with the requirements of this section may be used in the course of a criminal investigation and subsequent criminal proceedings.
- (6) The board shall adopt rules to ensure that only authorized individuals have access to the registry and only to appropriate information from the registry. The rules must be consistent with:
- (a) the privacy provisions of the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. 1320d, et seq.;
 - (b) administrative rules adopted in connection with that act;
 - (c) Article II, section 10, of the Montana constitution; and
 - (d) the privacy provisions of Title 50, chapter 16.
- (7) The procedures established by the board under this section may not impede patient access to prescription drugs for legitimate medical purposes.

Revised Statutes Annotated of the State of New Hampshire (2016)

Title XXX. Occupations and Professions (Ch. 309 to 332-J)

Chapter 318-B. Controlled Drug Act

§ 318-B:35 Providing Controlled Drug Prescription Health and Safety Information.

I. The program may provide information in the prescription health and safety program upon request only to the following persons:

(a) By electronic or written request to prescribers and dispensers within the state who are registered with the program:

- (1) For the purpose of providing medical or pharmaceutical care to a specific patient; or
- (2) For reviewing information regarding prescriptions issued or dispensed by the requester.

(b) By written request, to:

- (1) A patient who requests his or her own prescription monitoring information.
- (2) The board of dentistry, the board of medicine, the board of nursing, the board of registration in optometry, the board of podiatry, the board of veterinary medicine, and the pharmacy board; provided, however, that the request is pursuant to the boards' official duties and responsibilities

and the disclosures to each board relate only to its licensees and only with respect to those licensees whose prescribing or dispensing activities indicate possible fraudulent conduct.

(3) Authorized law enforcement officials on a case-by-case basis for the purpose of investigation and prosecution of a criminal offense when presented with a court order based on probable cause. No law enforcement agency or official shall have direct access to the program.

(4) [Repealed.]

(c) By electronic or written request on a case-by-case basis to:

(1) A controlled prescription drug health and safety program from another state; provided, that there is an agreement in place with the other state to ensure that the information is used or disseminated pursuant to the requirements of this state.

(2) An entity that operates a secure interstate prescription drug data exchange system for the purpose of interoperability and the mutual secure exchange of information among prescription drug monitoring programs, provided that there is an agreement in place with the entity to ensure that the information is used or disseminated pursuant to the requirements of this state.

(3) The office of the chief medical examiner for the purpose of investigating the death of an individual.

II. The program shall notify the appropriate regulatory board listed in subparagraph I(b)(2) and the prescriber or dispenser at such regular intervals as may be established by the board if there is reasonable cause to believe a violation of law or breach of professional standards may have occurred. The program shall provide prescription information required or necessary for an investigation.

III. The program shall review the information to identify information that appears to indicate whether a person may be obtaining prescriptions in a manner that may represent misuse or abuse of schedule II-IV controlled substances. When such information is identified, the program shall notify the practitioner who prescribed the prescription.

New Jersey
§ 45:1-46

New Jersey Statutes Annotated (2016)
Title 45. Professions and Occupations
Subtitle 1. Professions and Occupations Regulated by State Boards of Registration and Examination
Chapter 1. General Provisions
Article 3. Record Background Checks for Health Care Professionals

§ 45:1-46. Access to prescription information

Access to prescription information.

...

i. The division may provide online access to prescription monitoring information, or may provide access to prescription monitoring information through any other means deemed appropriate by the director, to the following persons:

(1) authorized personnel of the division or a vendor or contractor responsible for maintaining the Prescription Monitoring Program;

(2) authorized personnel of the division responsible for administration of the provisions of P.L.1970, c. 226 (C.24:21-1 et seq.);

(3) the State Medical Examiner, a county medical examiner, a deputy or assistant county medical examiner, or a qualified designated assistant thereof, who certifies that the request is for the purpose of investigating a death pursuant to P.L.1967, c. 234 (C.52:17B-78 et seq.);

(4) a controlled dangerous substance monitoring program in another state with which the division has established an interoperability agreement, or which participates with the division in a system that facilitates the secure sharing of information between states;

(5) a designated representative of the State Board of Medical Examiners, New Jersey State Board of Dentistry, State Board of Nursing, New Jersey State Board of Optometrists, State Board of Pharmacy, State Board of Veterinary Medical Examiners, or any other board in this State or another state that regulates the practice of persons who are authorized to prescribe or dispense controlled dangerous substances, as applicable, who certifies that the representative is engaged in a bona fide specific investigation of a designated practitioner or pharmacist whose professional practice was or is regulated by that board;

(6) a State, federal, or municipal law enforcement officer who is acting pursuant to a court order and certifies that the officer is engaged in a bona fide specific investigation of a designated practitioner, pharmacist, or patient. A law enforcement agency that obtains prescription monitoring information shall comply with security protocols established by the director by regulation;

(7) a designated representative of a state Medicaid or other program who certifies that the representative is engaged in a bona fide investigation of a designated practitioner, pharmacist, or patient;

(8) a properly convened grand jury pursuant to a subpoena properly issued for the records; and

(9) a licensed mental health practitioner providing treatment for substance abuse to patients at a residential or outpatient substance abuse treatment center licensed by the Division of Mental Health and Addiction Services in the Department of Human Services, who certifies that the request is for the purpose of providing health care to a current patient or verifying information with respect to a patient or practitioner, and who furnishes the division with the written consent of the patient for the mental health practitioner to obtain prescription monitoring information about the patient. The director shall establish, by regulation, the terms and conditions under which a mental health practitioner may request and receive prescription monitoring information. Nothing in sections 25 through 30 of P.L.2007, c. 244 (C.45:1-45 through C.45:1-50) shall be construed to require or obligate a mental health practitioner to access or check the prescription monitoring information in the course of treatment beyond that which may be required as part of the mental health practitioner's professional practice.

j. A person listed in subsection i. of this section, as a condition of obtaining prescription monitoring information pursuant thereto, shall certify the reasons for seeking to obtain that information. Such certification shall be furnished through means of an online statement or alternate means authorized by the director, in a form and manner prescribed by rule or regulation adopted by the director.

...

l. The division may request and receive prescription monitoring information from prescription monitoring programs in other states and may use that information for the purposes of sections 25 through 30 of P.L.2007, c. 244 (C.45:1-45 through C.45:1-50). When sharing data with programs in another state, the division shall not be required to obtain a memorandum of understanding unless required by the other state.

New Mexico
ADC 16.19.29

Code of New Mexico Rules (2016)
Title 16. Occupational and Professional Licensing
Chapter 19. Pharmacists
Part 29. Controlled Substance Prescription Monitoring Program

16.19.29. CONTROLLED SUBSTANCE PRESCRIPTION MONITORING PROGRAM

...

16.19.29.9 DISCLOSURE OF PRESCRIPTION INFORMATION:

A. Prescription information submitted to the board shall not be subject to Sections 14-2-1 through 14-2-12 of the Inspection of Public Records Act, NMSA 1978, and shall be confidential except as provided in Subsections C through G of 16.19.29.9 NMAC.

B. The board shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained is not disclosed to persons except as provided in Subsection C through G of 16.19.29.9 NMAC.

C. After receiving a complaint, the board inspectors shall review the relevant prescription information. If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the board shall notify the appropriate law enforcement or professional licensing, certification or regulatory agency or entity, and provide prescription information required for an investigation.

D. The board shall be authorized to provide PMP information to the following persons:

(1) persons authorized to prescribe or dispense controlled substances, for the purpose of providing medical or pharmaceutical care for their patients;

(2) a delegate designated by a practitioner; a practitioner, who must also maintain an active account, can designate only one delegate for the purpose of requesting and receiving PMP reports for that practitioner;

(3) state licensing boards, including the medical board, board of nursing, board of veterinary medicine, board of dental health care, board of examiners in optometry, osteopathic examiners board, acupuncture & oriental medicine board, and podiatry board, as the PMP information relates to their licensees;

- (4) professional licensing authorities of other states if their licensees practice in this state or prescriptions provided by their licensees are dispensed in this state;
- (5) local, state and federal law enforcement or prosecutorial officials engaged in an ongoing investigation of an individual in the enforcement of the laws governing licit drugs;
- (6) the state human services department regarding medicaid program recipients;
- (7) a state metropolitan, magistrate and district, or federal court as required by a grand jury subpoena or criminal court order;
- (8) state drug court personnel as authorized by the PMP director;
- (9) personnel of the board for purposes of administration and enforcement of this rule or of 16.19.20 NMAC;
- (10) the prescription monitoring program of another state or group of states with whom the state has established an interoperability agreement;**
- (11) a living individual who request's his or her own PMP report in accordance with procedures established under Subsection D of Section 61-11-2 of the Pharmacy Act, NMSA 1978 and Subsection H of 16.19.6.23 NMAC, or an agent authorized by the living individual along with a valid HIPAA release form or court issued subpoena, or;
- (12) a parent to have access to the prescription records about his or her minor child, as his or her minor child's personal representative when such access is not inconsistent with state or other laws;
- E. The board shall use de-identified data obtained from the PMP database to identify and report to state and local public health authorities the geographic areas of the state where anomalous prescribing dispensing or use of controlled substances is occurring.
- F. The board shall share PMP database data with the department of health for the purpose of tracking inappropriate prescribing and misuse of controlled substances, including drug overdose.
- G. The board shall provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify individual patients and persons who have received prescriptions from dispensers.
- H. PMP information gained from other states' prescription monitoring programs shall not be subject to civil subpoena, nor shall such information be disclosed, discoverable, or compelled to be produced in any civil proceeding, nor shall such records be deemed**

admissible as evidence in any civil proceeding for any reason.

New York
Public Health Law § 3371-a

McKinney's Consolidated Laws of New York Annotated (2016)
Public Health Law
Chapter 45. Of the Consolidated Laws
Article 33. Controlled Substances
Title VI. Records and Reports

§ 3371-a. Disclosure of certain records, reports, and information to another state

1. The commissioner is authorized to disclose records, reports and information filed pursuant to sections thirty-three hundred thirty-one and thirty-three hundred thirty-three of this article: (a) to another state's controlled substance monitoring program or other authorized agency with which the department has established an interoperability agreement, pursuant to judicial subpoena or court order in a criminal investigation or proceeding in that state;

(b) to another state's agency, department, or board with which the department has established an interoperability agreement and which is authorized to regulate, license, register or otherwise supervise a person who is authorized by law to deal in controlled substances, in the course of any investigation or proceeding by or before such agency, department or board;

(c) to another state's controlled substance monitoring program or other authorized agency with which the department has established an interoperability agreement to inform a practitioner in another state that a patient may be under treatment with a controlled substance by another practitioner; or

(d) to another state's controlled substance monitoring program or other authorized agency with which the department has established an interoperability agreement to inform a pharmacy in another state that a person who presents or has presented a prescription for one or more controlled substances at the pharmacy may have also obtained controlled substances at another pharmacy where the circumstances indicate a possibility of drug abuse or diversion, potential harm to the person, or similar grounds under regulations of the commissioner.

2. Records, reports, and information disclosed under the provisions of this section shall be in accordance with regulations promulgated by the commissioner and shall include, but not be limited to:

(a) the authentication of the person requesting such information;

Ohio
§ 4729.80

Baldwin's Ohio Revised Code Annotated (2016)
Title XLVII. Occupations--Professions
Chapter 4729. Pharmacists; Dangerous Drugs
Miscellaneous Provisions

§ 4729.80 Disclosure of database information; disclosure of requests for database information

(A) If the state board of pharmacy establishes and maintains a drug database pursuant to section 4729.75 of the Revised Code, the board is authorized or required to provide information from the database in accordance with the following:

(1) On receipt of a request from a designated representative of a government entity responsible for the licensure, regulation, or discipline of health care professionals with authority to prescribe, administer, or dispense drugs, the board may provide to the representative information from the database relating to the professional who is the subject of an active investigation being conducted by the government entity.

(2) On receipt of a request from a federal officer, or a state or local officer of this or any other state, whose duties include enforcing laws relating to drugs, the board shall provide to the officer information from the database relating to the person who is the subject of an active investigation of a drug abuse offense, as defined in section 2925.01 of the Revised Code, being conducted by the officer's employing government entity.

(3) Pursuant to a subpoena issued by a grand jury, the board shall provide to the grand jury information from the database relating to the person who is the subject of an investigation being conducted by the grand jury.

(4) Pursuant to a subpoena, search warrant, or court order in connection with the investigation or prosecution of a possible or alleged criminal offense, the board shall provide information from the database as necessary to comply with the subpoena, search warrant, or court order.

(5) On receipt of a request from a prescriber or the prescriber's delegate approved by the board, the board shall provide to the prescriber a report of information from the database relating to a patient who is either a current patient of the prescriber or a potential patient of the prescriber based on a referral of the patient to the prescriber, if all of the following conditions are met:

(a) The prescriber certifies in a form specified by the board that it is for the purpose of providing medical treatment to the patient who is the subject of the request;

(b) The prescriber has not been denied access to the database by the board.

Please contact Sherry Green at (703) 836-6100 or sgreen@namsdl.org with any additional updates or information that may be relevant to this document. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

(6) On receipt of a request from a pharmacist or the pharmacist's delegate approved by the board, the board shall provide to the pharmacist information from the database relating to a current patient of the pharmacist, if the pharmacist certifies in a form specified by the board that it is for the purpose of the pharmacist's practice of pharmacy involving the patient who is the subject of the request and the pharmacist has not been denied access to the database by the board.

(7) On receipt of a request from an individual seeking the individual's own database information in accordance with the procedure established in rules adopted under section 4729.84 of the Revised Code, the board may provide to the individual the individual's own database information.

(8) On receipt of a request from a medical director or a pharmacy director of a managed care organization that has entered into a contract with the department of medicaid under section 5167.10 of the Revised Code and a data security agreement with the board required by section 5167.14 of the Revised Code, the board shall provide to the medical director or the pharmacy director information from the database relating to a medicaid recipient enrolled in the managed care organization, including information in the database related to prescriptions for the recipient that were not covered or reimbursed under a program administered by the department of medicaid.

(9) On receipt of a request from the medicaid director, the board shall provide to the director information from the database relating to a recipient of a program administered by the department of medicaid, including information in the database related to prescriptions for the recipient that were not covered or paid by a program administered by the department.

(10) On receipt of a request from a medical director of a managed care organization that has entered into a contract with the administrator of workers' compensation under division (B)(4) of section 4121.44 of the Revised Code and a data security agreement with the board required by section 4121.447 of the Revised Code,¹ the board shall provide to the medical director information from the database relating to a claimant under Chapter 4121., 4123., 4127., or 4131. of the Revised Code assigned to the managed care organization, including information in the database related to prescriptions for the claimant that were not covered or reimbursed under Chapter 4121., 4123., 4127., or 4131. of the Revised Code, if the administrator of workers' compensation confirms, upon request from the board, that the claimant is assigned to the managed care organization.

(11) On receipt of a request from the administrator of workers' compensation, the board shall provide to the administrator information from the database relating to a claimant under Chapter 4121., 4123., 4127., or 4131. of the Revised Code, including information in the database related to prescriptions for the claimant that were not covered or reimbursed under Chapter 4121., 4123., 4127., or 4131. of the Revised Code.

(12) On receipt of a request from a prescriber or the prescriber's delegate approved by the board, the board shall provide to the prescriber information from the database relating to a patient's mother, if the prescriber certifies in a form specified by the board that it is for the purpose of

providing medical treatment to a newborn or infant patient diagnosed as opioid dependent and the prescriber has not been denied access to the database by the board.

(13) On receipt of a request from the director of health, the board shall provide to the director information from the database relating to the duties of the director or the department of health in implementing the Ohio violent death reporting system established under section 3701.93 of the Revised Code.

(14) On receipt of a request from a requestor described in division (A)(1), (2), (5), or (6) of this section who is from or participating with another state's prescription monitoring program, the board may provide to the requestor information from the database, but only if there is a written agreement under which the information is to be used and disseminated according to the laws of this state.

(B) The state board of pharmacy shall maintain a record of each individual or entity that requests information from the database pursuant to this section. In accordance with rules adopted under section 4729.84 of the Revised Code, the board may use the records to document and report statistics and law enforcement outcomes.

The board may provide records of an individual's requests for database information to the following:

(1) A designated representative of a government entity that is responsible for the licensure, regulation, or discipline of health care professionals with authority to prescribe, administer, or dispense drugs who is involved in an active investigation being conducted by the government entity of the individual who submitted the requests for database information;

(2) A federal officer, or a state or local officer of this or any other state, whose duties include enforcing laws relating to drugs and who is involved in an active investigation being conducted by the officer's employing government entity of the individual who submitted the requests for database information.

(C) Information contained in the database and any information obtained from it is not a public record. Information contained in the records of requests for information from the database is not a public record. Information that does not identify a person may be released in summary, statistical, or aggregate form.

(D) A pharmacist or prescriber shall not be held liable in damages to any person in any civil action for injury, death, or loss to person or property on the basis that the pharmacist or prescriber did or did not seek or obtain information from the database.

and state health and mental health confidentiality laws, including ORS 179.505, 192.517 and 192.553 to 192.581, the Oregon Health Authority shall disclose the information:

(A) To a practitioner or pharmacist, or, if a practitioner or pharmacist authorizes the authority to disclose the information to a member of the practitioner's or pharmacist's staff, to a member of the practitioner's or pharmacist's staff. If a practitioner or pharmacist authorizes disclosing the information to a member of the practitioner's or pharmacist's staff under this subparagraph, the practitioner or pharmacist remains responsible for the use or misuse of the information by the staff member. To receive information under this subparagraph, or to authorize the receipt of information by a staff member under this subparagraph, a practitioner or pharmacist must certify that the requested information is for the purpose of evaluating the need for or providing medical or pharmaceutical treatment for a patient to whom the practitioner or pharmacist anticipates providing, is providing or has provided care.

(B) In accordance with subparagraph (A) of this paragraph, to a practitioner or pharmacist or to a member of the practitioner's or pharmacist's staff through a health information technology system that is used by the practitioner or pharmacist or a member of the practitioner's or pharmacist's staff to access information about patients if:

(i) The practitioner or pharmacist or a member of the practitioner's or pharmacist's staff is authorized to access the information in the health information technology system;

(ii) The information is not permanently retained in the health information technology system, except for purposes of conducting audits and maintaining patient records; and

(iii) The health information technology system meets any privacy and security requirements and other criteria, including criteria required by the federal Health Insurance Portability and Accountability Act, established by the authority by rule.

(C) To a practitioner in a form that catalogs all prescription drugs prescribed by the practitioner according to the number assigned to the practitioner by the Drug Enforcement Administration of the United States Department of Justice.

(D) To the State Medical Examiner or designee of the State Medical Examiner, for the purpose of conducting a medicolegal investigation or autopsy.

(E) To designated representatives of the authority or any vendor or contractor with whom the authority has contracted to establish or maintain the electronic system of the prescription monitoring program.

(F) Pursuant to a valid court order based on probable cause and issued at the request of a federal, state or local law enforcement agency engaged in an authorized drug-related investigation involving a person to whom the requested information pertains.

Pennsylvania
35 § 872.9

Purdon's Pennsylvania Statutes and Consolidated Statutes (2016)
Title 35 P.S. Health and Safety
Chapter 6B. Drugs, Poisons and Dangerous Substances
Achieving Better Care by Monitoring All Prescriptions Program (Abc-Map) Act

§ 872.9. Access to prescription information

(a) Confidentiality.--Except as set forth in subsection (b), prescription information submitted to the system and records of requests to query the system shall be confidential and not subject to disclosure under the act of February 14, 2008 (P.L. 6, No. 3), known as the Right-to-Know Law.

(b) Authorized users.--The following individuals may query the system according to procedures determined by the board and with the following limitations:

(1) Prescribers may query the system for:

(i) an existing patient; and

(ii) prescriptions written using the prescriber's own Drug Enforcement Agency number.

(2) Dispensers may query the system for a current patient to whom the dispenser is dispensing or considering dispensing any controlled substance.

(3)(i) The Office of Attorney General shall query the system on behalf of all law enforcement agencies, including, but not limited to, the Office of the Attorney General and Federal, State and local law enforcement agencies for:

(A) Schedule II controlled substances as indicated in the act of April 14, 1972 (P.L. 233, No. 64), known as The Controlled Substance, Drug, Device and Cosmetic Act and in the manner determined by the Pennsylvania Attorney General pursuant to 28 Pa. Code § 25.131 (relating to every dispensing practitioner); and

(B) all other schedules upon receipt of a court order obtained by the requesting law enforcement agency. Upon receipt of a motion under this clause, the court may enter an ex parte order granting the motion if the law enforcement agency has demonstrated by a preponderance of the evidence that:

(I) the motion pertains to a person who is the subject of an active criminal investigation with a reasonable likelihood of securing an arrest or prosecution in the foreseeable future; and

(II) there is reasonable suspicion that a criminal act has occurred.

(ii) Data obtained by a law enforcement agency under this paragraph shall only be used to establish probable cause to obtain a search warrant or arrest warrant.

(iii) Requests made to the Office of Attorney General to query the system under this paragraph shall be made in a form or manner prescribed by the Office of Attorney General and shall include the court order, when applicable. Each individual designee of the Office of Attorney General shall have a unique identifier when accessing the system.

(4) The Office of Attorney General shall query the system on behalf of a grand jury investigating a criminal violation of a law governing controlled substances.

(5) Approved department personnel may query the system for the purpose of:

(i) conducting internal reviews related to controlled substance laws; or

(ii) engaging in the analysis of controlled substance prescription information as part of the assigned duties and responsibilities of employment.

(6) Designated representatives from the Commonwealth or out-of-State agency or board responsible for licensing or certifying prescribers or dispensers whose professional practice was or is regulated by that agency or board for the purpose of conducting administrative investigations or proceedings.

(7) Designated Commonwealth personnel who are responsible for the development and evaluation of quality improvement strategies, program integrity initiatives or conducting internal compliance reviews and data reporting for the medical assistance program, Children's Health Insurance Program (CHIP), Pharmaceutical Assistance Contract for the Elderly (PACE) or Pharmaceutical Assistance Contract for the Elderly Needs Enhancement Tier (PACENET).

(8) Personnel from the Department of Drug and Alcohol Programs engaged in the administration of the Methadone Death and Incident Review Team.

(9) A medical examiner or county coroner for the purpose of investigating the death of the individual whose record is being queried.

(10) A prescription drug monitoring official, dispenser or prescriber of a state with which this Commonwealth has an interoperability agreement.

(11) Upon providing evidence of identity and within 30 days from the date of the request, an individual who is the recipient of a controlled substance prescription entered into the system, the individual's parent or guardian if the individual is under 18 years of age or the individual's health care power of attorney.

(c) Access for active investigation.--In the case where a law enforcement agency has accessed the system for an active investigation, the information about that query shall be withheld from the individual subject to the query for a period of six months after the conclusion of the investigation.

Title 44. Health

Chapter 53. Poisons, Drugs and Other Controlled Substances

Article 15. Prescription Monitoring Program

§ 44-53-1650. Confidentiality; persons to whom data may be released.

(A) Prescription information submitted to drug control is confidential and not subject to public disclosure under the Freedom of Information Act or any other provision of law, except as provided in subsections (C) and (D).

(B) Drug control shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained is not disclosed, except as provided for in subsections (C) and (D).

(C) If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, drug control shall notify the appropriate law enforcement or professional licensure, certification, or regulatory agency or entity and shall provide prescription information required for an investigation.

(D) Drug control may provide data in the prescription monitoring program to the following persons:

(1) a practitioner or pharmacist or authorized delegate who requests information and certifies that the requested information is for the purpose of providing medical or pharmaceutical treatment to a bona fide patient;

(2) an individual who requests the individual's own prescription monitoring information in accordance with procedures established pursuant to state law;

(3) a designated representative of the South Carolina Department of Labor, Licensing and Regulation responsible for the licensure, regulation, or discipline of practitioners, pharmacists, or other persons authorized to prescribe, administer, or dispense controlled substances and who is involved in a bona fide specific investigation involving a designated person;

(4) a local, state, or federal law enforcement or prosecutorial official engaged in the administration, investigation, or enforcement of the laws governing licit drugs and who is involved in a bona fide specific drug related investigation involving a designated person;

§ 481.076. Official Prescription Information 1

<Text of (a) effective until September 1, 2016>

(a) The director may not permit any person to have access to information submitted to the director under Section 481.074(q) or 481.075 except:

(1) an investigator for the Texas Medical Board, the Texas State Board of Podiatric Medical Examiners, the State Board of Dental Examiners, the State Board of Veterinary Medical Examiners, the Texas Board of Nursing, or the Texas State Board of Pharmacy;

(2) an authorized officer or member of the department engaged in the administration, investigation, or enforcement of this chapter or another law governing illicit drugs in this state or another state; or

(3) if the director finds that proper need has been shown to the director:

(A) a law enforcement or prosecutorial official engaged in the administration, investigation, or enforcement of this chapter or another law governing illicit drugs in this state or another state;

(B) a pharmacist or a pharmacy technician, as defined by Section 551.003, Occupations Code, acting at the direction of a pharmacist or a practitioner who is a physician, dentist, veterinarian, podiatrist, or advanced practice nurse or is a physician assistant described by Section 481.002(39)(D) or a nurse licensed under Chapter 301, Occupations Code, acting at the direction of a practitioner and is inquiring about a recent Schedule II, III, IV, or V prescription history of a particular patient of the practitioner; or

(C) a pharmacist or practitioner who is inquiring about the person's own dispensing or prescribing activity.

<Text of (a) effective September 1, 2016>

(a) The board may not permit any person to have access to information submitted to the board under Section 481.074(q) or 481.075 except:

(1) an investigator for the board, the Texas Medical Board, the Texas State Board of Podiatric Medical Examiners, the State Board of Dental Examiners, the State Board of Veterinary Medical Examiners, the Texas Board of Nursing, or the Texas Optometry Board ;

(2) an authorized officer or member of the department or authorized employee of the board engaged in the administration, investigation, or enforcement of this chapter or another law governing illicit drugs in this state or another state;

(3) the department on behalf of a law enforcement or prosecutorial official engaged in the administration, investigation, or enforcement of this chapter or another law governing illicit drugs in this state or another state;

(4) a medical examiner conducting an investigation;

(5) a pharmacist or a pharmacy technician, as defined by Section 551.003, Occupations Code, acting at the direction of a pharmacist or a practitioner who is a physician, dentist, veterinarian, podiatrist, optometrist, or advanced practice nurse or is a physician assistant described by Section 481.002(39)(D) or an employee or other agent of a practitioner acting at the direction of a practitioner and is inquiring about a recent Schedule II, III, IV, or V prescription history of a particular patient of the practitioner, provided that the person accessing the information is authorized to do so under the Health Insurance Portability and Accountability Act of 1996 (Pub. L. No. 104-191) and rules adopted under that Act;

(6) a pharmacist or practitioner who is inquiring about the person's own dispensing or prescribing activity; or

(7) one or more states or an association of states with which the board has an interoperability agreement, as provided by Subsection (j).

§ 58-37f-301 (eff. Oct. 31, 2016)

West's Utah Code Annotated (2015)

Title 58. Occupations and Professions

Chapter 37F. Controlled Substance Database Act

Part 3. Access

§ 58-37f-301. Access to database

<Text of Section Effective until October 30, 2016>

...

(2) The division shall make information in the database and information obtained from other state or federal prescription monitoring programs by means of the database available only to the following individuals, in accordance with the requirements of this chapter and division rules:

(a) personnel of the division specifically assigned to conduct investigations related to controlled substance laws under the jurisdiction of the division;

(b) authorized division personnel engaged in analysis of controlled substance prescription information as a part of the assigned duties and responsibilities of their employment;

(c) a board member if:

(i) the board member is assigned to monitor a licensee on probation; and

(ii) the board member is limited to obtaining information from the database regarding the specific licensee on probation;

(d) a member of a diversion committee established in accordance with Subsection 58-1-404(2) if:

(i) the diversion committee member is limited to obtaining information from the database regarding the person whose conduct is the subject of the committee's consideration; and

(ii) the conduct that is the subject of the committee's consideration includes a violation or a potential violation of Chapter 37, Utah Controlled Substances Act, or another relevant violation or potential violation under this title;

(e) in accordance with a written agreement entered into with the department, employees of the Department of Health:

(i) whom the director of the Department of Health assigns to conduct scientific studies regarding the use or abuse of controlled substances, if the identity of the individuals and pharmacies in the database are confidential and are not disclosed in any manner to any individual who is not directly involved in the scientific studies;

(ii) when the information is requested by the Department of Health in relation to a person or provider whom the Department of Health suspects may be improperly obtaining or providing a controlled substance; or

(iii) in the medical examiner's office;

(f) in accordance with a written agreement entered into with the department, a designee of the director of the Department of Health, who is not an employee of the Department of Health, whom the director of the Department of Health assigns to conduct scientific studies regarding the use or abuse of controlled substances pursuant to an application process established in rule by the Department of Health, if:

(i) the designee provides explicit information to the Department of Health regarding the purpose of the scientific studies;

(ii) the scientific studies to be conducted by the designee:

(A) fit within the responsibilities of the Department of Health for health and welfare;

(B) are reviewed and approved by an Institutional Review Board that is approved for human subject research by the United States Department of Health and Human Services; and

(C) are not conducted for profit or commercial gain; and

(D) are conducted in a research facility, as defined by division rule, that is associated with a university or college accredited by one or more regional or national accrediting agencies recognized by the United States Department of Education;

(iii) the designee protects the information as a business associate of the Department of Health; and

(iv) the identity of the prescribers, patients, and pharmacies in the database are de-identified, confidential, not disclosed in any manner to the designee or to any individual who is not directly involved in the scientific studies;

(g) in accordance with the written agreement entered into with the department and the Department of Health, authorized employees of a managed care organization, as defined in 42 C.F.R. § 438, if:

(i) the managed care organization contracts with the Department of Health under the provisions of Section 26-18-405 and the contract includes provisions that:

(A) require a managed care organization employee who will have access to information from the database to submit to a criminal background check; and

(B) limit the authorized employee of the managed care organization to requesting either the division or the Department of Health to conduct a search of the database regarding a specific Medicaid enrollee and to report the results of the search to the authorized employee; and

(ii) the information is requested by an authorized employee of the managed care organization in relation to a person who is enrolled in the Medicaid program with the managed care organization, and the managed care organization suspects the person may be improperly obtaining or providing a controlled substance;

(h) a licensed practitioner having authority to prescribe controlled substances, to the extent the information:

(i)(A) relates specifically to a current or prospective patient of the practitioner; and

(B) is provided to or sought by the practitioner for the purpose of:

(I) prescribing or considering prescribing any controlled substance to the current or prospective patient;

(II) diagnosing the current or prospective patient;

(III) providing medical treatment or medical advice to the current or prospective patient; or

(IV) determining whether the current or prospective patient:

(Aa) is attempting to fraudulently obtain a controlled substance from the practitioner; or

(Bb) has fraudulently obtained, or attempted to fraudulently obtain, a controlled substance from the practitioner;

(ii)(A) relates specifically to a former patient of the practitioner; and

(B) is provided to or sought by the practitioner for the purpose of determining whether the former patient has fraudulently obtained, or has attempted to fraudulently obtain, a controlled substance from the practitioner;

(iii) relates specifically to an individual who has access to the practitioner's Drug Enforcement Administration identification number, and the practitioner suspects that the individual may have used the practitioner's Drug Enforcement Administration identification number to fraudulently acquire or prescribe a controlled substance;

(iv) relates to the practitioner's own prescribing practices, except when specifically prohibited by the division by administrative rule;

(v) relates to the use of the controlled substance database by an employee of the practitioner, described in Subsection (2)(i); or

(vi) relates to any use of the practitioner's Drug Enforcement Administration identification number to obtain, attempt to obtain, prescribe, or attempt to prescribe, a controlled substance;

(i) in accordance with Subsection (3)(a), an employee of a practitioner described in Subsection (2)(h), for a purpose described in Subsection (2)(h)(i) or (ii), if:

(i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;

(ii) the practitioner provides written notice to the division of the identity of the employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(5) with respect to the employee;

(j) an employee of the same business that employs a licensed practitioner under Subsection (2)(h) if:

(i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;

(ii) the practitioner and the employing business provide written notice to the division of the identity of the designated employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(5) with respect to the employee;

(k) a licensed pharmacist having authority to dispense a controlled substance to the extent the information is provided or sought for the purpose of:

(i) dispensing or considering dispensing any controlled substance; or

(ii) determining whether a person:

(A) is attempting to fraudulently obtain a controlled substance from the pharmacist; or

(B) has fraudulently obtained, or attempted to fraudulently obtain, a controlled substance from the pharmacist;

(l) in accordance with Subsection (3)(a), a licensed pharmacy technician and pharmacy intern who is an employee of a pharmacy as defined in Section 58-17b-102, for the purposes described in Subsection (2)(j)(i) or (ii), if:

(i) the employee is designated by the pharmacist-in-charge as an individual authorized to access the information on behalf of a licensed pharmacist employed by the pharmacy;

(ii) the pharmacist-in-charge provides written notice to the division of the identity of the employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(5) with respect to the employee;

(m) pursuant to a valid search warrant, federal, state, and local law enforcement agencies and state and local prosecutors that are engaged in an investigation related to:

(i) one or more controlled substances; and

(ii) a specific person who is a subject of the investigation;

(n) employees of the Office of Internal Audit and Program Integrity within the Department of Health who are engaged in their specified duty of ensuring Medicaid program integrity under Section 26-18-2.3;

(o) a mental health therapist, if:

(i) the information relates to a patient who is:

(A) enrolled in a licensed substance abuse treatment program; and

(B) receiving treatment from, or under the direction of, the mental health therapist as part of the patient's participation in the licensed substance abuse treatment program described in Subsection (2)(o)(i)(A);

(ii) the information is sought for the purpose of determining whether the patient is using a controlled substance while the patient is enrolled in the licensed substance abuse treatment program described in Subsection (2)(o)(i)(A); and

(iii) the licensed substance abuse treatment program described in Subsection (2)(o)(i)(A) is associated with a practitioner who:

(A) is a physician, a physician assistant, an advance practice registered nurse, or a pharmacist; and

(B) is available to consult with the mental health therapist regarding the information obtained by the mental health therapist, under this Subsection (2)(o), from the database;

(p) an individual who is the recipient of a controlled substance prescription entered into the database, upon providing evidence satisfactory to the division that the individual requesting the information is in fact the individual about whom the data entry was made;

(q) an individual under Subsection (2)(p) for the purpose of obtaining a list of the persons and entities that have requested or received any information from the database regarding the individual, except if the individual's record is subject to a pending or current investigation as authorized under this Subsection (2);

(r) the inspector general, or a designee of the inspector general, of the Office of Inspector General of Medicaid Services, for the purpose of fulfilling the duties described in Title 63A, Chapter 13, Part 2, Office and Powers; and

(s) the following licensed physicians for the purpose of reviewing and offering an opinion on an individual's request for workers' compensation benefits under Title 34A, Chapter 2, Workers' Compensation Act, or Title 34A, Chapter 3, Utah Occupational Disease Act:

(i) a member of the medical panel described in Section 34A-2-601;

(ii) a physician employed as medical director for a licensed workers' compensation insurer or an approved self-insured employer; or

(iii) a physician offering a second opinion regarding treatment.

(3)(a)(i) A practitioner described in Subsection (2)(h) may designate up to three employees to access information from the database under Subsection (2)(i), (2)(j), or (4)(c).

(ii) A pharmacist described in Subsection (2)(k) who is a pharmacist-in-charge may designate up to five employees to access information from the database under Subsection (2)(l).

(b) The division shall make rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to:

(i) establish background check procedures to determine whether an employee designated under Subsection (2)(i), (2)(j), or (4)(c) should be granted access to the database;

(ii) establish the information to be provided by an emergency room employee under Subsection (4); and

(iii) facilitate providing controlled substance prescription information to a third party under Subsection (5).

(c) The division shall grant an employee designated under Subsection (2)(i), (2)(j), or (4)(c) access to the database, unless the division determines, based on a background check, that the employee poses a security risk to the information contained in the database.

(4)(a) An individual who is employed in the emergency room of a hospital may exercise access to the database under this Subsection (4) on behalf of a licensed practitioner if the individual is designated under Subsection (4)(c) and the licensed practitioner:

(i) is employed in the emergency room;

(ii) is treating an emergency room patient for an emergency medical condition; and

(iii) requests that an individual employed in the emergency room and designated under Subsection (4)(c) obtain information regarding the patient from the database as needed in the course of treatment.

(b) The emergency room employee obtaining information from the database shall, when gaining access to the database, provide to the database the name and any additional identifiers regarding the requesting practitioner as required by division administrative rule established under Subsection (3)(b).

(c) An individual employed in the emergency room under this Subsection (4) may obtain information from the database as provided in Subsection (4)(a) if:

(i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;

(ii) the practitioner and the hospital operating the emergency room provide written notice to the division of the identity of the designated employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(5) with respect to the employee.

(d) The division may impose a fee, in accordance with Section 63J-1-504, on a practitioner who designates an employee under Subsection (2)(i), (2)(j), or (4)(c) to pay for the costs incurred by the division to conduct the background check and make the determination described in Subsection (3)(b).

- (A) a law enforcement agency officer who is engaged in a joint investigation with the division;
and
- (B) a law enforcement agency officer to whom the division has referred a suspected criminal violation of controlled substance laws;
- (b) authorized division personnel engaged in analysis of controlled substance prescription information as a part of the assigned duties and responsibilities of their employment;
- (c) a board member if:
 - (i) the board member is assigned to monitor a licensee on probation; and
 - (ii) the board member is limited to obtaining information from the database regarding the specific licensee on probation;
- (d) a member of a diversion committee established in accordance with Subsection 58-1-404(2) if:
 - (i) the diversion committee member is limited to obtaining information from the database regarding the person whose conduct is the subject of the committee's consideration; and
 - (ii) the conduct that is the subject of the committee's consideration includes a violation or a potential violation of Chapter 37, Utah Controlled Substances Act, or another relevant violation or potential violation under this title;
- (e) in accordance with a written agreement entered into with the department, employees of the Department of Health:
 - (i) whom the director of the Department of Health assigns to conduct scientific studies regarding the use or abuse of controlled substances, if the identity of the individuals and pharmacies in the database are confidential and are not disclosed in any manner to any individual who is not directly involved in the scientific studies;
 - (ii) when the information is requested by the Department of Health in relation to a person or provider whom the Department of Health suspects may be improperly obtaining or providing a controlled substance; or
 - (iii) in the medical examiner's office;
- (f) in accordance with a written agreement entered into with the department, a designee of the director of the Department of Health, who is not an employee of the Department of Health, whom the director of the Department of Health assigns to conduct scientific studies regarding the use or abuse of controlled substances pursuant to an application process established in rule by the Department of Health, if:

(i) the designee provides explicit information to the Department of Health regarding the purpose of the scientific studies;

(ii) the scientific studies to be conducted by the designee:

(A) fit within the responsibilities of the Department of Health for health and welfare;

(B) are reviewed and approved by an Institutional Review Board that is approved for human subject research by the United States Department of Health and Human Services; and

(C) are not conducted for profit or commercial gain; and

(D) are conducted in a research facility, as defined by division rule, that is associated with a university or college accredited by one or more regional or national accrediting agencies recognized by the United States Department of Education;

(iii) the designee protects the information as a business associate of the Department of Health; and

(iv) the identity of the prescribers, patients, and pharmacies in the database are de-identified, confidential, not disclosed in any manner to the designee or to any individual who is not directly involved in the scientific studies;

(g) in accordance with the written agreement entered into with the department and the Department of Health, authorized employees of a managed care organization, as defined in 42 C.F.R. § 438, if:

(i) the managed care organization contracts with the Department of Health under the provisions of Section 26-18-405 and the contract includes provisions that:

(A) require a managed care organization employee who will have access to information from the database to submit to a criminal background check; and

(B) limit the authorized employee of the managed care organization to requesting either the division or the Department of Health to conduct a search of the database regarding a specific Medicaid enrollee and to report the results of the search to the authorized employee; and

(ii) the information is requested by an authorized employee of the managed care organization in relation to a person who is enrolled in the Medicaid program with the managed care organization, and the managed care organization suspects the person may be improperly obtaining or providing a controlled substance;

(h) a licensed practitioner having authority to prescribe controlled substances, to the extent the information:

- (i)(A) relates specifically to a current or prospective patient of the practitioner; and
- (B) is provided to or sought by the practitioner for the purpose of:
 - (I) prescribing or considering prescribing any controlled substance to the current or prospective patient;
 - (II) diagnosing the current or prospective patient;
 - (III) providing medical treatment or medical advice to the current or prospective patient; or
 - (IV) determining whether the current or prospective patient:
 - (Aa) is attempting to fraudulently obtain a controlled substance from the practitioner; or
 - (Bb) has fraudulently obtained, or attempted to fraudulently obtain, a controlled substance from the practitioner;
- (ii)(A) relates specifically to a former patient of the practitioner; and
- (B) is provided to or sought by the practitioner for the purpose of determining whether the former patient has fraudulently obtained, or has attempted to fraudulently obtain, a controlled substance from the practitioner;
- (iii) relates specifically to an individual who has access to the practitioner's Drug Enforcement Administration identification number, and the practitioner suspects that the individual may have used the practitioner's Drug Enforcement Administration identification number to fraudulently acquire or prescribe a controlled substance;
- (iv) relates to the practitioner's own prescribing practices, except when specifically prohibited by the division by administrative rule;
- (v) relates to the use of the controlled substance database by an employee of the practitioner, described in Subsection (2)(i); or
- (vi) relates to any use of the practitioner's Drug Enforcement Administration identification number to obtain, attempt to obtain, prescribe, or attempt to prescribe, a controlled substance;
- (i) in accordance with Subsection (3)(a), an employee of a practitioner described in Subsection (2)(h), for a purpose described in Subsection (2)(h)(i) or (ii), if:
 - (i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;
 - (ii) the practitioner provides written notice to the division of the identity of the employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(5) with respect to the employee;

(j) an employee of the same business that employs a licensed practitioner under Subsection (2)(h) if:

(i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;

(ii) the practitioner and the employing business provide written notice to the division of the identity of the designated employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(5) with respect to the employee;

(k) a licensed pharmacist having authority to dispense a controlled substance to the extent the information is provided or sought for the purpose of:

(i) dispensing or considering dispensing any controlled substance; or

(ii) determining whether a person:

(A) is attempting to fraudulently obtain a controlled substance from the pharmacist; or

(B) has fraudulently obtained, or attempted to fraudulently obtain, a controlled substance from the pharmacist;

(l) in accordance with Subsection (3)(a), a licensed pharmacy technician and pharmacy intern who is an employee of a pharmacy as defined in Section 58-17b-102, for the purposes described in Subsection (2)(j)(i) or (ii), if:

(i) the employee is designated by the pharmacist-in-charge as an individual authorized to access the information on behalf of a licensed pharmacist employed by the pharmacy;

(ii) the pharmacist-in-charge provides written notice to the division of the identity of the employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(5) with respect to the employee;

(m) pursuant to a valid search warrant, federal, state, and local law enforcement officers and state and local prosecutors who are engaged in an investigation related to:

(i) one or more controlled substances; and

(ii) a specific person who is a subject of the investigation;

(n) a probation or parole officer employed by the Department of Corrections or by a political subdivision who is not required to obtain a search warrant to gain access to database information necessary for the officer's supervision of a specific probationer or parolee who is under the officer's direct supervision;

(o) employees of the Office of Internal Audit and Program Integrity within the Department of Health who are engaged in their specified duty of ensuring Medicaid program integrity under Section 26-18-2.3;

(p) a mental health therapist, if:

(i) the information relates to a patient who is:

(A) enrolled in a licensed substance abuse treatment program; and

(B) receiving treatment from, or under the direction of, the mental health therapist as part of the patient's participation in the licensed substance abuse treatment program described in Subsection (2)(p)(i)(A);

(ii) the information is sought for the purpose of determining whether the patient is using a controlled substance while the patient is enrolled in the licensed substance abuse treatment program described in Subsection (2)(p)(i)(A); and

(iii) the licensed substance abuse treatment program described in Subsection (2)(p)(i)(A) is associated with a practitioner who:

(A) is a physician, a physician assistant, an advance practice registered nurse, or a pharmacist; and

(B) is available to consult with the mental health therapist regarding the information obtained by the mental health therapist, under this Subsection (2)(p), from the database;

(q) an individual who is the recipient of a controlled substance prescription entered into the database, upon providing evidence satisfactory to the division that the individual requesting the information is in fact the individual about whom the data entry was made;

(r) an individual under Subsection (2)(q) for the purpose of obtaining a list of the persons and entities that have requested or received any information from the database regarding the individual, except if the individual's record is subject to a pending or current investigation as authorized under this Subsection (2);

(s) the inspector general, or a designee of the inspector general, of the Office of Inspector General of Medicaid Services, for the purpose of fulfilling the duties described in Title 63A, Chapter 13, Part 2, Office and Powers; and

(t) the following licensed physicians for the purpose of reviewing and offering an opinion on an individual's request for workers' compensation benefits under Title 34A, Chapter 2, Workers' Compensation Act, or Title 34A, Chapter 3, Utah Occupational Disease Act:

(i) a member of the medical panel described in Section 34A-2-601;

(ii) a physician employed as medical director for a licensed workers' compensation insurer or an approved self-insured employer; or

(iii) a physician offering a second opinion regarding treatment.

(3)(a)(i) A practitioner described in Subsection (2)(h) may designate up to three employees to access information from the database under Subsection (2)(i), (2)(j), or (4)(c).

(ii) A pharmacist described in Subsection (2)(k) who is a pharmacist-in-charge may designate up to five employees to access information from the database under Subsection (2)(l).

(b) The division shall make rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to:

(i) establish background check procedures to determine whether an employee designated under Subsection (2)(i), (2)(j), or (4)(c) should be granted access to the database;

(ii) establish the information to be provided by an emergency room employee under Subsection (4); and

(iii) facilitate providing controlled substance prescription information to a third party under Subsection (5).

(c) The division shall grant an employee designated under Subsection (2)(i), (2)(j), or (4)(c) access to the database, unless the division determines, based on a background check, that the employee poses a security risk to the information contained in the database.

(4)(a) An individual who is employed in the emergency room of a hospital may exercise access to the database under this Subsection (4) on behalf of a licensed practitioner if the individual is designated under Subsection (4)(c) and the licensed practitioner:

(i) is employed in the emergency room;

(ii) is treating an emergency room patient for an emergency medical condition; and

(iii) requests that an individual employed in the emergency room and designated under Subsection (4)(c) obtain information regarding the patient from the database as needed in the course of treatment.

(b) The emergency room employee obtaining information from the database shall, when gaining access to the database, provide to the database the name and any additional identifiers regarding the requesting practitioner as required by division administrative rule established under Subsection (3)(b).

(c) An individual employed in the emergency room under this Subsection (4) may obtain information from the database as provided in Subsection (4)(a) if:

(i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;

(ii) the practitioner and the hospital operating the emergency room provide written notice to the division of the identity of the designated employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(5) with respect to the employee.

(d) The division may impose a fee, in accordance with Section 63J-1-504, on a practitioner who designates an employee under Subsection (2)(i), (2)(j), or (4)(c) to pay for the costs incurred by the division to conduct the background check and make the determination described in Subsection (3)(b).

Vermont
18 § 4284
18 § 4288
ADC 12-5-21:7.0

West's Vermont Statutes Annotated (2016)
Title Eighteen. Health
Part 5. Foods and Drugs
Chapter 84A. Vermont Prescription Monitoring System

§ 4284. Protection and disclosure of information

...

(b)(1) The Department shall provide only the following persons with access to query the VPMS:

(A) A health care provider, dispenser, or delegate who is registered with the VPMS and certifies that the requested information is for the purpose of providing medical or pharmaceutical treatment to a bona fide current patient.

(B) Personnel or contractors, as necessary for establishing and maintaining the VPMS.

(C) The Medical Director of the Department of Vermont Health Access, for the purposes of Medicaid quality assurance, utilization, and federal monitoring requirements with respect to Medicaid recipients for whom a Medicaid claim for a Schedule II, III, or IV controlled substance has been submitted.

(D) A medical examiner or delegate from the Office of the Chief Medical Examiner, for the purpose of conducting an investigation or inquiry into the cause, manner, and circumstances of an individual's death.

(E) A health care provider or medical examiner licensed to practice in another state, to the extent necessary to provide appropriate medical care to a Vermont resident or to investigate the death of a Vermont resident.

(2) The Department shall provide reports of data available to the Department through the VPMS only to the following persons:

(A) A patient or that person's health care provider, or both, when VPMS reveals that a patient may be receiving more than a therapeutic amount of one or more regulated substances.

(B) A designated representative of a board responsible for the licensure, regulation, or discipline of health care providers or dispensers pursuant to a bona fide specific investigation.

(C) A patient for whom a prescription is written, insofar as the information relates to that patient.

(D) The relevant occupational licensing or certification authority if the Commissioner reasonably suspects fraudulent or illegal activity by a health care provider. The licensing or certification authority may report the data that are the evidence for the suspected fraudulent or illegal activity to a drug diversion investigator.

(E)(i) The Commissioner of Public Safety, personally, or the Deputy Commissioner of Public Safety, personally, if the Commissioner of Health, personally, or a Deputy Commissioner of Health, personally, makes the disclosure and has consulted with at least one of the patient's health care providers, when the disclosure is necessary to avert a serious and imminent threat to a person or the public.

(ii) The Commissioner of Public Safety, personally, or the Deputy Commissioner of Public Safety, personally, when he or she requests data from the Commissioner of Health, and the Commissioner of Health believes, after consultation with at least one of the patient's health care providers, that disclosure is necessary to avert a serious and imminent threat to a person or the public.

(iii) The Commissioner or Deputy Commissioner of Public Safety may disclose such data received pursuant to this subdivision (E) as is necessary, in his or her discretion, to avert the serious and imminent threat.

(F) A prescription monitoring system or similar entity in another state pursuant to a reciprocal agreement to share prescription monitoring information with the Vermont Department of Health as described in section 4288 of this title.

(G) The Commissioner of Health or the Commissioner's designee in order to identify patients who filled prescriptions written pursuant to chapter 113 of this title.

General

Rule 21. Prescription Monitoring System

12-5-21:7.0. Access to VPMS Information.

...

7.1 Authority to Query VPMS Directly [18 V.S.A. § 4284 (b)(1)]

Once registered, the following persons and entities may query VPMS directly for the following information:

7.1.1 Pharmacists who dispense controlled substances and their authorized delegates for the purpose of monitoring the prescription and dispensing history of a bona fide current patient.

7.1.2 Prescribers of controlled substances and their authorized delegates for the purpose of monitoring the prescription and dispensing history of a bona fide current patient.

7.1.3 The Vermont Chief Medical Examiner or delegate as required for the purpose of conducting an investigation or inquiry into the cause, manner and circumstances of an individual's death.

7.1.4 The Medical Director of the Department of Vermont Health Access relating to a Medicaid recipient for whom a claim for a Schedule II, III, or IV was submitted. This access is for Medicaid quality assurance, utilization, and federal monitoring purposes.

7.1.5 A prescriber, or medical examiner licensed to practice in another state, may register with the Department to access VPMS information in order to provide medical care to a Vermont resident who is a bona fide current patient or to investigate the death of a Vermont resident.

7.1.6 The VPMS program manager, designated program staff, or any contractors acting at the direction of, or as authorized by, the program manager for purposes of management of the VPMS database.

West Virginia
§ 60A-9-5
ADC § 15-8-7

West's Annotated Code of West Virginia (2016)
Chapter 60A. Uniform Controlled Substances Act
Article 9. Controlled Substances Monitoring

§ 60A-9-5. Confidentiality; limited access to records; period of retention; no civil liability for required reporting

(a)(1) The information required by this article to be kept by the board is confidential and not subject to the provisions of chapter twenty-nine-b of this code or obtainable as discovery in civil matters absent a court order and is open to inspection only by inspectors and agents of the board, members of the West Virginia State Police expressly authorized by the Superintendent of the West Virginia State Police to have access to the information, authorized agents of local law-enforcement agencies as members of a federally affiliated drug task force, authorized agents of the federal Drug Enforcement Administration, duly authorized agents of the Bureau for Medical Services, duly authorized agents of the Office of the Chief Medical Examiner for use in post-mortem examinations, **duly authorized agents of licensing boards of practitioners in this state and other states authorized to prescribe Schedules II, III, and IV controlled substances**, prescribing practitioners and pharmacists and persons with an enforceable court order or regulatory agency administrative subpoena: *Provided*, That all law-enforcement personnel who have access to the Controlled Substances Monitoring Program database shall be granted access in accordance with applicable state laws and the board's legislative rules, shall be certified as a West Virginia law-enforcement officer and shall have successfully completed training approved by the board. All information released by the board must be related to a specific patient or a specific individual or entity under investigation by any of the above parties except that practitioners who prescribe or dispense controlled substances may request specific data related to their Drug Enforcement Administration controlled substance registration number or for the purpose of providing treatment to a patient: *Provided, however*, That the West Virginia Controlled Substances Monitoring Program Database Review Committee established in subsection (b) of this section is authorized to query the database to comply with said subsection.

(2) Subject to the provisions of subdivision (1) of this subsection, the board shall also review the West Virginia Controlled Substance Monitoring Program database and issue reports that identify abnormal or unusual practices of patients who exceed parameters as determined by the advisory committee established in this section. The board shall communicate with practitioners and dispensers to more effectively manage the medications of their patients in the manner recommended by the advisory committee. All other reports produced by the board shall be kept confidential. The board shall maintain the information required by this article for a period of not less than five years. Notwithstanding any other provisions of this code to the contrary, data

Wisconsin

§ 961.385 (eff. until March 30, 2017)

§ 961.385 (eff. April 1, 2017)

ADC CSB 4.14

West's Wisconsin Statutes Annotated (2016)

Controlled Substances

Chapter 961. Uniform Controlled Substances Act

Subchapter III. Regulation of Manufacture, Distribution, Dispensing, and Possession of
Controlled Substances

§ 961.385. Prescription drug monitoring program

<Text of Section Effective until March 30, 2017>

(1) In this section:

...

(aL) “Pharmacist” means a person licensed by the pharmacy examining board under s. 450.03 or 450.05 or licensed in another state and recognized by this state as a person authorized to engage in the practice of pharmacy in the state in which the person is licensed.

...

(2) The board shall establish by rule a program for monitoring the dispensing of monitored prescription drugs. The program shall do all of the following:

(a) Require a pharmacy or a practitioner to generate a record documenting each dispensing of a monitored prescription drug at the pharmacy or, if the monitored prescription drug is not dispensed at a pharmacy, by the practitioner and to submit the record to the board, except that the program may not require the generation of a record in any of the following circumstances:

1. A monitored prescription drug is administered directly to a patient.
2. A monitored prescription drug is compounded, packaged, or labeled in preparation for delivery but is not delivered.
3. The prescription order is for a monitored prescription drug that is a substance listed in the schedule in s. 961.22 and is not a narcotic drug, and the prescription order is for a number of doses that is intended to last the patient 7 days or less.

© 2016 Research is current as of May 2016. In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. Please contact Sherry Green at (703) 836-6100 or sgreen@namsdl.org with any additional updates or information that may be relevant to this document. This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

(b) Identify specific data elements to be contained in a record documenting the dispensing of a monitored prescription drug, including the method of payment and, subject to sub. (2m), the name recorded under s. 450.11(1b)(bm). In identifying specific data elements, the board shall consider data elements identified by similar programs in other states and shall ensure, to the extent possible, that records generated by the program are easily shared with other states.

(c) Specify the persons to whom a record may be disclosed and the circumstances under which the disclosure may occur. The rule promulgated under this paragraph shall comply with s. 146.82, except that the rule shall permit the board to disclose a record generated by the program to relevant state boards and agencies, relevant agencies of other states, and relevant law enforcement agencies, as defined in s. 165.77(1)(b), including under circumstances indicating suspicious or critically dangerous conduct or practices of a pharmacy, pharmacist, practitioner, or patient. The board shall define what constitutes suspicious or critically dangerous conduct or practices for purposes of the rule promulgated under this paragraph.

(d) Specify a secure electronic format for submittal of a record generated under the program and authorize the board to grant a pharmacy or practitioner a waiver of the specified format.

(e) Specify a deadline for the submittal of a record to the board.

(f) Permit the board to refer to the appropriate licensing or regulatory board for discipline, or the appropriate law enforcement agency for investigation and possible prosecution, a pharmacist, pharmacy, or practitioner that fails to comply with rules promulgated under this subsection, including by failure to generate a record that is required by the program.

(g) Maximize the potential for funding the operation of the program with available federal funding sources.

(h) Ensure that the program complies with s. 146.82 and 45 CFR part 164, subpart E.

(i) Disclose information submitted to the program by a law enforcement agency under s. 961.37(3)(a) to relevant practitioners, pharmacists, and others to whom the board may make disclosures under par. (c).

(c) Specify the persons to whom a record may be disclosed and the circumstances under which the disclosure may occur. Except as otherwise provided under this section, the rule promulgated under this paragraph shall comply with s. 146.82.

(cm) Permit the board to disclose a record generated by the program to any of the following:

1. A practitioner, pharmacist, registered nurse licensed under s. 441.06, substance abuse counselor, as defined in s. 440.88(1)(b), or individual authorized under s. 457.02(5m) to treat alcohol or substance dependency or abuse as a specialty if any of the following is applicable:

a. The practitioner, pharmacist, registered nurse, substance abuse counselor, or individual is directly treating or rendering assistance to the patient.

b. The practitioner, pharmacist, registered nurse, substance abuse counselor, or individual is being consulted regarding the health of the patient by an individual who is directly treating or rendering assistance to the patient.

2. A person who medically coordinates, directs, or supervises, or establishes standard operating procedures for, a practitioner, pharmacist, registered nurse, substance abuse counselor, or individual authorized under s. 457.02(5m) to treat alcohol or substance dependency or abuse as a specialty to whom records may be disclosed under subd. 1, if the person is evaluating the job performance of the practitioner, pharmacist, registered nurse, substance abuse counselor, or individual, or is performing quality assessment and improvement activities, including outcomes evaluation or development of clinical guidelines, and if the disclosure does not contain personally identifiable information, as defined in s. 19.62(5), of a patient and is limited to only those records about the practitioner, pharmacist, registered nurse, substance abuse counselor, or individual the person medically coordinates, directs, or supervises, or for whom the person establishes standard operating procedures.

3. Relevant state boards and agencies, relevant agencies of other states, relevant law enforcement agencies, as defined in s. 165.77(1)(b), and relevant prosecutorial units, as defined in s. 978.001(2), if any of the following is true:

a. The state board or agency, agency of another state, law enforcement agency, or prosecutorial unit makes a written request for the record and is engaged in an active and specific investigation or prosecution of a violation of any state or federal law involving a monitored prescription drug, and the record being requested is reasonably related to that investigation or prosecution.

b. The state board or agency, agency of another state, law enforcement agency, or prosecutorial unit makes a written request for the record and is monitoring the patient as part of a drug court, as defined in s. 165.955(1).

c. The circumstances indicate suspicious or critically dangerous conduct or practices of a pharmacy, pharmacist, practitioner, or patient. The board shall define what constitutes suspicious or critically dangerous conduct or practices this subd. 3.c.

4. An agent of a practitioner or pharmacist if disclosure to the practitioner or pharmacist is authorized subject to subd. 1.

(cs) 1. Require a practitioner to review a patient's records under the program before the practitioner issues a prescription order for the patient. This subdivision does not apply after 3 years after the effective date of this subdivision.

2. The requirement under subd. 1. that a practitioner review a patient's records under the program before the practitioner issues a prescription order for the patient does not apply if any of the following is true:

a. The patient is receiving hospice care, as defined in s. 50.94(1)(a).

b. The prescription order is for a number of doses that is intended to last the patient 3 days or less and is not subject to refill.

c. The monitoring prescription drug is lawfully administered to the patient.

d. Due to emergency, it is not possible for the practitioner to review the patient's records under the program before the practitioner issues a prescription order for the patient.

e. The practitioner is unable to review the patient's records under the program because the digital platform for the program is not operational or due to other technological failure if the practitioner reports that failure to the board.

(d) Specify a secure electronic format for submittal of a record generated under the program and authorize the board to grant a pharmacy or practitioner a waiver of the specified format.

(e) Specify a deadline for the submittal of a record to the board.

(f) Permit the board to refer to the appropriate licensing or regulatory board for discipline, or the appropriate law enforcement agency for investigation and possible prosecution, a pharmacist, pharmacy, or practitioner that fails to comply with rules promulgated under this subsection, including by failure to generate a record that is required by the program.

(g) Maximize the potential for funding the operation of the program with available federal funding sources.

(h) Ensure that the program complies with s. 146.82, except as otherwise provided in this section, and 45 CFR part 164, subpart E.

Wisconsin Administrative Code (2016)
Controlled Substances Board
Chapter CSB 4. Prescription Drug Monitoring Program

CSB 4.14 Exchange of PDMP information.

(1) The board may exchange PDMP information with a prescription monitoring program operated by a relevant agency in another state or jurisdiction if the prescription monitoring program satisfies all of the following conditions:

(a) The prescription monitoring program is compatible with the program.

(b) The relevant agency operating the prescription monitoring program agrees to exchange similar information with the program.

(2) In determining the compatibility of a prescription monitoring program to the program, the board may consider any of the following:

(a) The safeguards for privacy of patient records and the prescription monitoring program's success in protecting patient privacy.

(b) The persons authorized to access the information stored by the prescription monitoring program.

(c) The schedules of controlled substances monitored by the prescription monitoring program.

(d) The information required by the agency to be submitted regarding the dispensing of a prescription drug.

(e) The costs and benefits to the board of sharing information.

(3) The board may assess a prescription monitoring program's continued compatibility with the program at any time.

Wyoming
§ 35-7-1060

West's Wyoming Statutes Annotated (2015)
Title 35. Public Health and Safety
Chapter 7. Food and Drugs
Article 10. Controlled Substances
Article X

§ 35-7-1060. Controlled substances prescription tracking program

(a) In addition to other duties and responsibilities as provided by this act, the board shall maintain a computerized program to track prescriptions for controlled substances for the purposes of assisting patients, practitioners and pharmacists to avoid inappropriate use of controlled substances and of assisting with the identification of illegal activity related to the dispensing of controlled substances. The tracking program and any data created thereby shall be administered by the board, and the board may charge reasonable fees to help defray the costs of operating the program. Any fee shall be included with and in addition to other registration fees established by the board as authorized in W.S. 35-7-1023.

(b) All prescriptions for schedule II, III and IV controlled substances dispensed by any retail pharmacy licensed by the board shall be filed with the board electronically or by other means required by the board no later than the close of business on the business day immediately following the day the controlled substance was dispensed. The board may require the filing of other prescriptions and may specify the manner in which the prescriptions are filed.

(c) The tracking program shall not be used to infringe on the legal use of a controlled substance. Information obtained through the controlled substance prescription tracking program is confidential and may not be released and is not admissible in any judicial or administrative proceeding, except as follows:

(i) The board may release information to practitioners and practitioner appointed delegates and to pharmacists and pharmacist appointed delegates when the release of the information may be of assistance in preventing or avoiding inappropriate use of controlled substances;

(ii) The board shall report any information that it reasonably suspects may relate to fraudulent or illegal activity to the appropriate law enforcement agency and the relevant occupational licensing board;

(iii) The board may release information to the patient to whom the information pertains or his agent or, if the patient is a minor, to his parents or guardian;

(iv) The board may release information to a third party if the patient has signed a consent specifically for the release of his controlled substance prescription information to the specific third party;

(v) The board may release information that does not identify individual patients, practitioners, pharmacists or pharmacies, for educational, research or public information purposes; and

(vi) Subject to the rules of evidence, information obtained from the program is admissible in a criminal proceeding or an administrative proceeding involving professional licensing.

(d) Unless there is shown malice, gross negligence, recklessness or willful and wanton conduct in disclosing information collected under this act, the board, any other state agency and any other person or entity in proper possession of information as provided by this section shall not be subject to any civil or criminal liability or action for legal or equitable relief.

(e) The board may apply for and accept any gifts, grants or donations to assist in developing and maintaining the program required by this section.
